Soviet, West Submit New Nuclear Plans

GENEVA (AP) — The Soviet Union proposed an international treaty today to prevent planes from carrying nuclear weapons over the territory of other countries and the high seas.

The proposal was submitted by Soviet Deputy Foreign Minister Vasily V. Kuznetsov to the 10-nation conference on prevention of surprise attack.

Western officials said the proposal was completely outside the scope of the present talks. Its submission obviously took them by surprise.

The West submitted a new proposal for a plan of work for the conference. This was understood to insist that the talks be confined to technical, nonpolitical matters. In the Western view, the conference has been called only to discuss methods of surprise attack and the procedures required for an international alert system against such attack.

The Soviet Union has sought since the opening of the talks on Nov. 10 to bring in a whole range of political and disarmament questions which the Western experts have refused to discuss.

The talks on suspension of nuclear tests were deadlocked, with little hope of agreement. Western sources said if there is to be any change, the Soviets will have to do the budging.

The U.S. State Department Saturday charged that the Soviet Union was trying to sell Britain and the United States a "pig in a poke"—an agreement to ban nuclear tests for all time before there is any certainty Russia would accept an international control system to police the ban.

Western sources said the United States and Britain would stick to their demands for effective controls before agreeing to ban tests.

U.S. Atomic Energy Commissioner William F. Libby disclosed in a radio-TV interview from Washington Sunday night that the United States is making plans for future nuclear weapons tests in case the Geneva talks break down. He denied a Russian charge that the United States is stalling to gain time to prepare for another series of tests.

The United States and Britain have suspended their tests since Oct. 31, while the talks are on, and urged the Soviet Union to do likewise. But detection apparatus showed the Soviets set off two shots on Nov. 1 and Nov. 3.

Pope To Name 23 Cardinals On Dec. 15

VATICAN CITY (AP) — Pope John XXIII today called a pre-Christmas consistory for Dec. 15 to create 23 new cardinals of the Roman Catholic Church, including two from the United States.

The two U.S. cardinals-designate are Msgr. Richard James Cushing, 63, archbishop of Boston, and Msgr. John F. O'Hara, 70, archbishop of Philadelphia.

Ambrogio Cicognani, apostolic delegate to the United States who is stationed in Washington, D.C., also was nominated to be a prince of the church.

The Vatican said the present members of the College of Cardinals would meet in secret consistory Dec. 15 to confirm the Pope's nominations. The pontiff will present the new cardinals in a private ceremony Dec. 17, and a public consistory honoring them will be held Dec. 18. Ten of them are non-Italians.

The consistory, first of Pope John's reign, will increase the membership of the College of Cardinals for the first time in almost four centuries, from 70 to 75. The present 70-member college, a complement established by Pope Sixtus V., has 18 vacancies.

Francis Spellman of New York and James Francis McIntyre of Los Angeles are the present American cardinals.

7 Airmen Missing

SEOUL (AP) — Seven U.S. Air Force men today were reported missing after the crash of a B66C jet reconnaissance bomber on the west coast of South Korea.

TY POWER IS DEAD — American stage and screen star Tyrone Power, 45, collapsed on a movie set in Madrid, Spain, and died while being taken to a hospital. Death was attributed to angina pectoris. This photo was made on the set in Spain last month. With Ty is Gina Lollobrigida, his leading lady.

5 Injured, None Seriously, In Area Highway Accidents

Five persons were injured, none seriously, in four auto accidents on area highways during the weekend and today.

The first crash came at 9:20 a. m. Saturday when cars operated by Harold E. Dowden Jr., 16, Route 2, Circleville, and George L. Rowland, 32, Route 2, Circleville, collided on the Westfall-Kinderhook Road about six miles southwest of here.

According to Deputy Sheriff Charles Felkey, Dowden's car was pulling onto the highway from a lane. Rowland's auto, coming over a dip in the road, collided with the other vehicle.

Deputy Felkey said Rowland was taken to Berger Hospital for facial lacerations and chest injuries. Both cars were demolished, he said.

AT 9:40 P. M. Saturday, autos driven by Ronald G. Matthews, 36, Orient, and Carl W. Speakman, 32, Derby, collided on Route 62 about 12 miles northwest of here.

Speakman suffered a fractured left leg and lacerations of the face and legs. Matthews suffered facial lacerations. Both were taken to Mt. Carmel Hospital, Columbus.

Deputy Sheriff Robert Hoover said both cars were headed south on Route 62. He said Matthews' auto apparently smashed into the rear of Speakman's vehicle which attempted to make a sudden left turn.

Hoover said both cars were heavily damaged.

The third crash came at 1:15 a. m. Sunday when a car operated by George LaMay, 71, Orient, struck a bridge on Route 62, near the scene of the Matthews-Speakman accident.

LaMay was taken to Mt. Carmel Hospital, Columbus, for lacerations of the hand and knees and possible chest injuries.

DEPUTY Sheriff Hoover said LaMay's car went off the right side of the road and crashed into the bridge. The front of the car was demolished, he added.

Today's accident was recorded at 8:55 a. m. when a pickup truck

collided with a tractor-trailer assembly on Route 22 west of Williamsport.

Harry G. Cockerill, 79, Washington C. H., driver of the pickup truck, suffered lacerations of the head, face and hands and a contusion on the right hip. He was taken to Fayette Memorial Hospital, Washington C. H.

Frank Benadum, Rushville, driver of the tractor-trailer outfit, was not injured.

State Highway Patrolman Gene Miller said Cockerill's eastbound truck skidded into the left lane of traffic when a car in front attempted to make a left turn. The pickup collided with Benadum's truck, headed west.

Patrolman Miller said the pickup was heavily damaged.

Star's Widow Prepares for Sad Trip Home

MADRID, Spain (AP) — Debbie Ann Power prepared today for the tragic trip back to Hollywood with the body of her husband, actor Tyrone Power, who died Saturday of a heart attack.

The young widow, who expects to bear Power's child in February, was to leave tonight for New York by plane with the star's body.

Power was stricken on the set of the movie "Solomon and Sheba," in which he played King Solomon.

Today producer Ted Richmond and other company officials were conferring on the future of the picture, which was more than 60 percent completed when Power died.

Company spokesmen expressed surprise about a United Artist announcement in Hollywood that Yul Brynner would replace Power in the role. They pointed out United Artists is only part producer.

Power's secretary, said the actor probably will be buried in Los Angeles' Forest Lawn Cemetery.

One Hunter Is Wounded

10 Nimrods Pay Fines in Court

Only one hunter was reported wounded in this area Saturday, but Circleville Municipal Court was swamped today with a long list of hunters accused of violations.

The injured hunter was Fred Garrison, Columbus, who was slightly wounded while hunting on the Russell Timmons farm at 11 a. m. He was treated by a Clarksburg physician for pellet wounds near the mouth and left ear.

Meanwhile, 10 hunters were arrested here for an assortment of violations.

The stiffest fines were leveled against Richard Morgan and Bill Kelley, both of Columbus. Morgan was fined \$50 and costs for possession of a hen pheasant and Kelley received a similar fine for having a quail. Both were arrested by Fred Schob, state game protector.

LEO CALANDROS, Pt. Pleasant, was fined \$25 and costs for hunting without a license. He was cited by Schob.

Clarence Hatfield, Route 1, Chillicothe, was fined \$15 and costs for hunting with a license issued to another person. He was cited by Clarence Francis, local game protector.

Jerry Culberson, Columbus, and James Arnett, Route 1, Williamsport, each was fined \$15 and costs for hunting before the opening time of 9 a. m. They were arrested by Kenneth Tomlinson, state game protector.

William Lockhart and Elmer Aliff, both of Columbus, were arrested by Francis for hunting without written permission on the C. E. Noecker farm. Each was fined \$10 and costs.

Fred C. Stone, Athens, and Neal Koehler, Guisville, each was fined \$10 and costs for hunting without written permission on the George Adkins farm.

Nondescript Dog Proves Himself To Be Real Hero

HOUSTON, Tex. (AP) — Taffy, 8-year-old canine, would never win a dog show. He has only three legs, is partly blind and something happened to his tail long ago.

He was on the sidewalk Saturday when milkman James A. Kirkpatrick, 59, stopped to make a delivery. Kirkpatrick entered the refrigerated truck and the back door slammed shut, locking him in.

The milkman beat on the door and yelled. Taffy set up a commotion.

Mrs. Lamar Parish, the dog's owner, looked out to see what was bothering him. She walked to the truck and heard Kirkpatrick's muffled cries.

"Lady, I'm sure glad you were home," the driver gasped when he stumbled out.

Dem State Chiefs Divided On Civil Rights Plank in '60

WASHINGTON (AP) — Democratic state chairmen are nearly equally divided on whether the party should adopt a strong civil rights plank in 1960 or compromise with the South.

This division of sentiment was apparent in replies received from Democratic leaders in 43 states to an Associated Press inquiry.

The survey disclosed some strong support outside the South for dealing with civil rights on a basis which would not drive Dixie members out of the party in a presidential year.

On the other hand, chairmen of 18 states representing 596 of the 1,372 votes cast in the 1956 national convention took a no-comprom

ise stand. They declared for a strong plank even if it means a Southern walkout.

These 18 states included: New Jersey, New York, Connecticut, Massachusetts and Rhode Island in the East; Michigan, Minnesota, North Dakota, South Dakota, Wisconsin, Iowa, Illinois, Nebraska and Missouri in the Midwest; Colorado, Washington, Oregon and California in the West.

Eleven Southern chairmen were solidly against the party taking any stronger position than it did two years ago, particularly on school integration.

Chairmen of 11 other states, mostly in the Midwest, said the views of Southern delegates should be taken into consideration.

Arizona Chairman Joseph Walton, Maryland's T. Barton Harrington and Nevada's Fred Strohn declined comment. Strohn said National Chairman Paul M. Butler had instructed party officials not to answer such questions.

Butler expects to find himself involved with the issue at a national committee meeting here Dec. 6. He has said his remaining as chairman may depend on reaction to his demand for a stronger civil rights plank than that of 1956.

Two years ago, the Democrats committed themselves to "continued efforts to eliminate illegal discrimination of any kind," including that in public education. They said Supreme Court deci

sions, such as that outlawing school segregation, are "part of the law of the land." But they rejected the use of force in segregation matters.

Virginia's Thomas H. Blanton and Arkansas' Tom Harper said they think the party went far enough in 1956. They indicated they would accept a similar statement.

New Hampshire's J. Murray Devine came out for a compromise with the South.

"I believe in a moderate approach to the problem," he said. "You can't legislate this sort of thing. If we push it too fast we might destroy not only the Democratic party but the whole country."

William L. Coleman, Ohio chairman, said "I never saw any problem of this sort which couldn't be solved if everyone concerned was determined to sit down and solve it. . . . I believe the Democratic party is big enough to work it out."

Indiana Chairman Charles E. Skellern said he favors a moderate civil rights plank. He suggested it might outline a program of integration starting in the lowest school grades and gradually working up.

Seaborn P. Collins of New Mexico called for a compromise that would satisfy a majority of the delegates. He added that "I would hate to see a plank that would cause either the north or south to break with the party."

2 Parachutists Still Sought In Blizzard-Blasted Mountains

HILL AIR FORCE BASE, Utah (AP) — Two Air Force officers who bailed out of a crippled cargo plane still alive after more than three days in the blizzard ravaged mountains of northeastern Utah?

Hopes for the survival of Capt. Donald Liggett, 40, Indianapolis, Ind., navigator, and Lt. Donald E. Born, 28, Andover, N.Y., pilot, were dim as the frigid dawn this morning.

Born, Liggett and six other men parachuted from a C119 Friday night when one of its two engines stopped on a flight over the rugged mountains about 30 miles east

of here. The plane was en route to its home base here.

Sgt. Ivan Probasco, 31, Buhl, Idaho, and Sgt. Joseph A. Reagan, Nellis AFB, Nev., died Saturday from exhaustion and exposure as they tried to fight their way through waist deep snow and freezing temperatures to help.

A group of the more than 100 weary rescuers combing the desolate mountain area Saturday found Sgt. Reyno Feltnier, 36, Hazard, Ky., Sgt. Walter P. Bigelow, 28, from nearby Ogden, and Cpl. Ray Copeland, 22, Entiat, Wash. when they stumbled into a shepherd's camp.

Copeland and Feltnier, both Army men and Reagan were hitchhiking a ride on the C119 when the plane commander, Capt. Harry O. Blount, 33, Great Falls, Mont., ordered them to jump. The plane flew 150 miles on automatic pilot and crashed.

Reagan died the next day in Feltnier's arms. Feltnier said he was quickly preparing his own death bed in the snow when a search party found him.

Blount was found a few hours after the parachute jump. He was wrapped in his chute and huddled under a tree.

Intermittent clouds, snowfalls and haze prevented pilots from scanning much of the terrain Sunday and aerial search operations halted at dusk.

Temperatures dipped below freezing in the 8,000-10,000 foot Wasatch Range section where Born and Liggett were believed to have fallen.

2 Frisco Girls Inherit Castle, Batch of Cash

SAN FRANCISCO (AP) — Two girls, whose home is a modest flat over a San Francisco grocery store, have been named heirs to an Austrian castle and one-fourth of a million dollar estate.

The Chronicle said today they are the daughters of the late Archduke Albrecht von Hapsburg-Lothringen, who once hoped for the crown of Hungary. He died in 1955.

The newspaper said it learned of the girl's good fortune by telephone from Christian Broda, an attorney in Vienna. Broda said an Austrian court had ruled that the archduke's true wife was their mother, Catherine Lorraine, a well groomed clerk in a financial district office here.

She had not told Ildika, 16, and Sarolta, 18, that they might become title holders until 1952 when she filed a suit here and became their legal guardian.

The mother is to receive a comfortable living from the estate, Broda said, but the daughters will get a much larger share.

The Austrian court ruled out a Mexican divorce the archduke had obtained, the attorney continued, and then ruled that it would not recognize his subsequent marriage to Lidia Straus, a Hungarian singer with whom he lived in Buenos Aires until his death.

The mother's 1938 marriage to the archduke broke up shortly after they fled to America in 1944, the newspaper said, and the mother and her daughters settled in San Francisco while the archduke took the name Alberto Conde Sirana and moved to Latin America.

Dem Leader Gives Address To Assembly

Johnson Says Unity Prevails Despite GOP Trouncing at Election

UNITED NATIONS, N. Y. (AP) — Sen. Lyndon B. Johnson assured the U.N. today the American people are solidly behind the Eisenhower administration's proposal for international cooperation in outer space.

The Senate Democratic leader told the General Assembly's 84-nation political committee:

"On the goal of dedicating outer space to peaceful purposes for the benefit of all mankind, there are no differences within the government, between our parties, or among our people."

Johnson joined in the U.N. outer space debate in an effort to dispel any doubts as to whether the government still commands the full support of the country on this issue since the Democratic victory in the Nov. 4 Congressional elections.

The Democratic leader asserted that today outer space is free and it must remain this way.

"We of the United States," he said, "do not acknowledge that there are landlords of outer space who can presume to bargain with the nations of the earth on the price of access to this new domain."

Johnson said both houses of Congress were in full support of the view that the U.N. "should assume the responsibility of leadership in promoting international cooperation in the exploration of outer space."

He specifically endorsed a resolution submitted to the committee last week by the United States and 19 other countries proposing a special U.N. body to lay the groundwork for an international space agency.

Before his speech, Johnson was introduced to the regular delegates in the committee by U.S. Ambassador Henry Cabot Lodge. Lodge also yielded his front-row committee seat to Johnson during the meeting so the Senate majority leader could make his speech.

"The entire subject of space and the treatment it has received in Congress has always been non-partisan," said the Texas leader of the Democratic majority in the U.S. Senate on his arrival in New York Sunday night.

Johnson's aim in speaking to the world organization was to show that the trouncing the Democrats gave President Eisenhower's Republicans in the Nov. 4 election had no effect on the bipartisan backing for the U.S. proposal on outer space.

The American resolution, which 19 other nations are also sponsoring, would set up a committee to determine what could be done under U.N. auspices to promote international cooperation in the peaceful uses of outer space, and what legal problems might arise.

The Soviet resolution would have the 81-nation Assembly call for a ban on military space rockets, elimination of foreign bases, and a U.N. agency for space research.

5 Persons Sought After Unusual Snow Falls on Arizona

PHOENIX, Ariz. (AP) — Posses were out looking for five persons missing in Arizona after one of the most severe early winter storms in years.

Missing were three Boy Scouts from Tucson and two hunters from Phoenix.

Posses headed into the Santa Rita Mountains this morning looking for Mike Early, 17, Michael Lanoue, 13, and David Greenberg, 12, the missing scouts.

A posse headed into the Munds Park area south of Flagstaff looking for Jim R. Rhoden, 28, a Phoenix hunter last seen Saturday morning.

From Prescott, another posse was working in the rugged Camp Verde area seeking Robert Schooley, 34, another Phoenix hunter, reported missing.

The storm dropped 14 inches of snow at Flagstaff in the North, and left two inches at usually warm Tucson and a thin white blanket over other southern desert areas where snow is a rarity.

TY POWER IS DEAD — American stage and screen star Tyrone Power, 45, collapsed on a movie set in Madrid, Spain, and died while being taken to a hospital. Death was attributed to angina pectoris. This photo was made on the set in Spain last month. With Ty is Gina Lollobrigida, his leading lady.

5 Injured, None Seriously, In Area Highway Accidents

Five persons were injured, none seriously, in four auto accidents on area highways during the weekend and today.

The first crash came at 9:20 a. m. Saturday when cars operated by Harold E. Dowden Jr., 16, Route 2, Circleville, and George L. Rowland, 32, Route 2, Circleville, collided on the Westfall-Kinderhook Road about six miles southwest of here.

According to Deputy Sheriff Charles Felkey, Dowden's car was pulling onto the highway from a lane. Rowland's auto, coming over a dip in the road, collided with the other vehicle.

Deputy Felkey said Rowland was taken to Berger Hospital for facial lacerations and chest injuries. Both cars were demolished, he said.

AT 9:40 P. M. Saturday, autos driven by Ronald G. Matthews, 36, Orient, and Carl W. Speakman, 32, Derby, collided on Route 62 about 12 miles northwest of here.

Speakman suffered a fractured left leg and lacerations of the face and legs. Matthews suffered facial lacerations. Both were taken to Mt. Carmel Hospital, Columbus.

Deputy Sheriff Robert Hoover said both cars were headed south on Route 62. He said Matthews' auto apparently smashed into the rear of Speakman's vehicle which attempted to make a sudden left turn.

Hoover said both cars were heavily damaged.

The third crash came at 1:15 a. m. Sunday when a car operated by George LaMay, 71, Orient, struck a bridge on Route 62, near the scene of the Matthews-Speakman accident.

LaMay was taken to Mt. Carmel Hospital, Columbus, for lacerations of the hand and knees and possible chest injuries.

DEPUTY Sheriff Hoover said LaMay's car went off the right side of the road and crashed into the bridge. The front of the car was demolished, he added.

Today's accident was recorded at 8:55 a. m. when a pickup truck collided with a tractor-trailer assembly on Route 22 west of Williamsport.

Harry G. Cockerill, 79, Washington C. H., driver of the pickup truck, suffered lacerations of the head, face and hands and a contusion on the right hip. He was taken to Fayette Memorial Hospital, Washington C. H.

Frank Benadum, Rushville, driver of the tractor-trailer outfit, was not injured.

State Highway Patrolman Gene Miller said Cockerill's eastbound truck skidded into the left lane of traffic when a car in front attempted to make a left turn. The pickup collided with Benadum's truck, headed west.

Patrolman Miller said the pickup was heavily damaged.

This division of sentiment was apparent in replies received from Democratic leaders in 43 states to an Associated Press inquiry.

The survey disclosed some strong support outside the South for dealing with civil rights on a basis which would not drive Dixie members out of the party in a presidential year.

On the other hand, chairmen of 18 states representing 596 of the 1,372 votes cast in the 1956 national convention took a no-compromise stand. They declared for a strong plank even if it means a Southern walkout.

These 18 states included: New Jersey, New York, Connecticut, Massachusetts and Rhode Island in the East; Michigan, Minnesota, North Dakota, South Dakota, Wisconsin, Iowa, Illinois, Nebraska and Missouri in the Midwest; Colorado, Washington, Oregon and California in the West.

Eleven Southern chairmen were solidly against the party taking any stronger position than it did two years ago, particularly on school integration.

Chairmen of 11 other states, mostly in the Midwest, said the views of Southern delegates should be taken into consideration.

Arizona Chairman Joseph Walton, Maryland's T. Barton Harrington and Nevada's Fred Stroeder declined comment. Stroeder said National Chairman Paul M. Butler had instructed party officials not to answer such questions.

Butler expects to find himself involved with the issue at a national committee meeting here Dec. 6. He has said his remaining as chairman may depend on reaction to his demand for a stronger civil rights plank than that of 1956.

Two years ago, the Democrats committed themselves to "continued efforts to eliminate illegal discrimination of any kind," including that in public education. They said Supreme Court deci-

CAIRO (AP) — The Sudan radio announced today that the Sudanese army commander in chief, Gen. Ibrahim Abboud, had seized power in a coup d'etat.

The government radio in Khartoum, the Sudanese capital, broadcast a declaration in the name of Abboud promising to do his best to achieve good relations with President Nasser's United Arab Republic.

British sources in London saw Abboud's coup as an Army bid to stall a political reconciliation with the U.A.R. They said the news, which was reported to the government by the British mission at Khartoum, was no surprise.

Abboud also ordered immediate dissolution of all political parties, supervision of all newspapers, and prohibition of any demonstrations or political meetings.

The general seized power from the pro-Western government of Prime Minister Abdullah Khalil.

The overthrow of the Khalil regime came as Nasser and the Sudanese government were trying to patch up long-standing differences over division of the Nile waters, their frontiers, and trade matters.

The Sudanese Parliament was scheduled to meet later this month and both sides had expressed hope that an agreement would be ready for ratification by that time.

Abboud's military coup upset one of the few parliamentary democracies left in the Middle East. Sudan obtained independence from Great Britain-Egyptian control Jan. 1, 1956, and since then had maintained a parliamentary system.

The government had sided consistently with the West and frequently had been embroiled in disputes with Nasser's regime.

Like other military chiefs who have seized power in the Middle East and Asia recently, Abboud accused his country's political leaders of corruption and dissension which had hamstrung government operations.

"You should all know to what extent our country has reached in corruption," his radio statement said. "It has reached into government machinery and all authorities without exception. All this is due to a political crisis which stands between all political parties."

"As to the U.A.R.," he continued, "we shall do our best to improve relations between the two countries, to solve all pending problems and remove fabricated dissension."

Dognaper's Loot Just Too Smart

NORFOLK, Va. (AP) — E.H. Bradberry didn't worry when someone took his dog "Scooter" from his car Saturday night.

The dog was returned Sunday. "She's kind of easy to identify," Bradberry said.

Scooter is trained to walk on her hind legs, push a kiddie car and smoke cigars.

2 Parachutists Still Sought In Blizzard-Blasted Mountains

HILL AIR FORCE BASE, Utah (AP) — Are two Air Force officers who bailed out of a crippled cargo plane still alive after more than three days in the blizzard ravaged mountains of northeastern Utah?

Hopes for the survival of Capt. Donald Liggett, 40, Indianapolis, Ind., navigator, and Lt. Donald E. Born, 28, Andover, N.Y., pilot, were dim as the frigid dawn this morning.

Born, Liggett and six other men parachuted from a C119 Friday night when one of its two engines stopped on a flight over the rugged mountains about 30 miles east of here. The plane was en route to its home base here.

Sgt. Ivan Probasco, 31, Buhl, Idaho, and Sgt. Joseph A. Reagan, Nellis AFB, Nev., died Saturday from exhaustion and exposure as they tried to fight their way through waist deep snow and freezing temperatures to help.

A group of the more than 100 weary rescuers combing the desolate mountain area Saturday found Sgt. Reyno Feltnier, 36, Hazard, Ky., Sgt. Walter P. Bigelow, 28, from nearby Ogden, and Cpl. Ray Copeland, 22, Entiat, Wash. when they stumbled into a sheepherder's camp.

Copeland and Feltnier, both Army men and Reagan were hitchhiking a ride on the C119 when the plane commander, Capt. Harry O. Blount, 33, Great Falls, Mont., ordered them to jump. The plane flew 150 miles on automatic pilot and crashed.

Reagan died the next day in Feltnier's arms. Feltnier said he was quickly preparing his own death bed in the snow when a search party found him.

Blount was found a few hours after the parachute jump. He was wrapped in his chute and huddled under a tree.

Intermittent clouds, snowfalls and haze prevented pilots from scanning much of the terrain Sunday and aerial search operations halted at dusk.

Temperatures dipped below freezing in the 8,000-10,000 foot Wasatch Range section where Born and Liggett were believed to have fallen.

The newspaper said it learned of the girl's good fortune by telephone from Christian Broda, an attorney in Vienna. Broda said an Austrian court had ruled that the archduke's true wife was their mother, Catherine Lorraine, a well groomed clerk in a financial district office here.

She had not told Lidka, 16, and Sarolta, 18, that they might become title holders until 1952 when she filed a suit here and became their legal guardian.

The mother is to receive a comfortable living from the estate, Broda said, but the daughters will get a much larger share.

The Austrian court ruled out a Mexican divorce the archduke had obtained, the attorney continued, and then ruled that it would not recognize his subsequent marriage to Lidia Straus, a Hungarian singer with whom he lived in Buenos Aires until his death.

The mother's 1938 marriage to the archduke broke up shortly after they fled to America in 1944, the newspaper said, and the mother and her daughters settled in San Francisco while the archduke took the name Alberto Conde Sirana and moved to Latin America.

2 Frisco Girls Inherit Castle, Batch of Cash

SAN FRANCISCO (AP) — Two girls, whose home is a modest flat over a San Francisco grocery store, have been named heirs to an Austrian castle and one-fourth of a million dollar estate.

The Chronicle said today they are the daughters of the late Archduke Albrecht von Hapsburg-Lothringen, who once hoped for the crown of Hungary. He died in 1955.

The newspaper said it learned of the girl's good fortune by telephone from Christian Broda, an attorney in Vienna. Broda said an Austrian court had ruled that the archduke's true wife was their mother, Catherine Lorraine, a well groomed clerk in a financial district office here.

She had not told Lidka, 16, and Sarolta, 18, that they might become title holders until 1952 when she filed a suit here and became their legal guardian.

The mother is to receive a comfortable living from the estate, Broda said, but the daughters will get a much larger share.

Noted Author Dies

BEAUFORT, S.C. (AP) — Samuel Hopkins Adams, 87, noted author and journalist, died Sunday after a long illness. He became a well-known figure in journalism early in the century.

Mud Run Ditch Construction Is \$70,412

Pickaway County Engineer Henry McCrady recently estimated the reconstruction of the Mud Run ditch, running through Ross, Fayette and Pickaway Counties, to total \$70,412.

The ditch reconstruction recently was requested by McKinley Kirk, Washington C. H., of the joint commissioner boards of the three counties.

Kirk asked for the ditch, known as Mud Run, Hamilton Ditch or Kirkpatrick Ditch, to be reconstructed, widened, deepened, straightened, altered, cleaned and repaired.

The open ditch runs from Paint Creek north to County Road 25. McCrady estimated Section No. 1, running from Paint Creek to the Pennsylvania Railroad bridge to cost \$20,492.

INCLUDED IN the estimate, which would have an average cut of three foot over an approximate distance of 4,000 feet, were 5,320 cubic yards of excavating and spreading at \$0.60 per yard, \$3,192; 1,350 cubic yards of excavating and spreading, \$13,300; and five bridges under pin at \$800 per yard, \$4,000.

Section No. 2, running from the Pennsylvania Railroad bridge to County Road 25, was estimated to cost \$27,920. Included in the costs, with an average cut of five feet for approximately 7,800 feet, were 33,200 cubic yards of excavating and spreading at \$0.60 per yard, \$19,920, and four new bridges at

Italian Kidnapers Give Up on Yankee

PALERMO, Sicily (AP) — The kidnapers of elderly bricklayer Alberto Castello of Long Island let their captive go apparently because they decided he was no ransom prize.

Castello, 72, of Copiague, N.Y., pale and shaken by his week-long experience, told reporters Sunday he just walked out of the kidnapers' cave when they failed to keep their daily schedule of visits to bring him food.

The naturalized American and his wife returned to their native Sicily three months ago for a visit after 49 years in the United States.

\$2,000 per bridge, \$8,000.

Estimated costs for a railroad bridge on U. S. Route 22 were \$14,000. Engineering and inspection costs were \$8,000.

The Commissioners approved bills and claims against the county at their last meeting totaling \$22,930.29.

Two Bastardy Cases Filed in Muny Court

Ernest Schwalbaugh, Ashville, and Richard Buskirk, Circleville, appeared in Circleville Municipal Court Saturday on accusations of bastardy.

The Municipal Court transcribed the cases over to the next term of the local court of common pleas. Bond was set at \$500 each.

The charge against Schwalbaugh was filed by Alice Thompson, Derby. Buskirk was accused by Phyllis J. Riegel, Circleville.

We're putting the pyramids right back where they were!

Recently we have been testing a slightly different label on the Camel package. The experimental design changed the illustration and the wording a little. That's all. No change whatever was made in the famous Camel blend of choice Turkish and domestic tobaccos.

What we learned in the test is that Camel smokers prefer the original package, so we're putting the pyramids right back where they were, as quickly as we can do it. The test package is being discontinued, so you will soon be getting your Camels in the package you know so well.

We have always been proud of the loyalty of Camel smokers, and we thank you for helping us decide *not* to change the looks of the package that brings you the best-liked cigarette of them all! (Yes, we are happy to say that again this year, for the 10th straight year, Camel outsells all others!)

There will be a card party in the Tarlton Town Hall Thursday, November 20th., at 8 p. m. —ad.

There will be a Bazaar & Bake Sale sponsored by the St. Paul WWS at the Washington Township School Wednesday, November 19, at 7:30. —ad.

Noted Author Dies

BEAUFORT, S.C. (AP) — Samuel Hopkins Adams, 87, noted author and journalist, died Sunday after a long illness. He became a well-known figure in journalism early in the century.

Mud Run Ditch Construction Is \$70,412

Pickaway County Engineer Henry McCrady recently estimated the reconstruction of the Mud Run ditch, running through Ross, Fayette and Pickaway Counties, to total \$70,412.

The ditch reconstruction recently was requested by McKinley Kirk, Washington C. H., of the joint commissioner boards of the three counties.

Kirk asked for the ditch, known as Mud Run, Hamilton Ditch or Kirkpatrick Ditch, to be reconstructed, widened, deepened, straightened, altered, cleaned and repaired.

The open ditch runs from Paint Creek north to County Road 25. McCrady estimated Section No. 1, running from Paint Creek to the Pennsylvania Railroad bridge to cost \$20,492.

INCLUDED in the estimate, which would have an average cut of three foot over an approximate distance of 4,000 feet, were 5,320 cubic yards of excavating and spreading at \$0.60 per yard, \$3,192; 1,330 cubic yards of excavating and spreading, \$13,300; and five bridges under pin at \$800 per yard, \$4,000.

Section No. 2, running from the Pennsylvania Railroad bridge to County Road 25, was estimated to cost \$27,920. Included in the costs, with an average cut of five feet for approximately 7,800 feet, were 33,200 cubic yards of excavating and spreading at \$0.60 per yard, \$19,920, and four new bridges at

Italian Kidnapers Give Up on Yankee

PALERMO, Sicily (AP) — The kidnapers of elderly bricklayer Alberto Castello of Long Island let their captive go apparently because they decided he was no ransom prize.

Castello, 72, of Copiague, N.Y., pale and shaken by his week-long experience, told reporters Sunday he just walked out of the kidnapers' cave when they failed to keep their daily schedule of visits to bring him food.

The naturalized American and his wife returned to their native Sicily three months ago for a visit after 49 years in the United States.

\$2,000 per bridge, \$8,000.

Estimated costs for a railroad bridge on U. S. Route 22 were \$14,000. Engineering and inspection costs were \$8,000.

The Commissioners approved bills and claims against the county at their last meeting totaling \$22,930.29.

Two Bastardy Cases Filed in Muny Court

Ernest Schwalbaugh, Ashville, and Richard Buskirk, Circleville, appeared in Circleville Municipal Court Saturday on accusations of bastardy.

The Municipal Court transcribed the cases over to the next term of the local court of common pleas. Bond was set at \$500 each.

The charge against Schwalbaugh was filed by Alice Thompson, Derby. Buskirk was accused by Phyllis J. Riegel, Circleville.

Traffic Cases Heard by Court

Two cases of failure to heed a traffic light and five cases of speeding appeared in Circleville Municipal Court Saturday and today.

Joe M. Dixon, 39, Barnabus, W. Va., was fined \$20 and costs for traveling 70 miles per hour in a 50 mile zone. Martin Roth, 41, Whitehall, forfeited a \$26.50 bond for driving 70 miles per hour in a 50 mile speed zone.

Robert F. Brookover and Keith L. Knight both were fined \$10 and costs each for failing to stop for a red traffic signal. Both violators were arrested by City Police.

Lassiter Sutphin, 31, Clothes, W. Va., and James D. Kirk, 27, Charleston, W. Va., were arrested by the State Highway Patrol for

traveling 80 miles per hour. Each fined \$20 and costs.

Uhel Spann, 22, Columbus, was fined \$20 and costs for driving 70 miles per hour in a 50 mile zone. Dixon, Roth and Spann were arrested by the State Highway Patrol.

"ESCAPADE IN JAPAN"

We're putting the pyramids right back where they were!

Recently we have been testing a slightly different label on the Camel package. The experimental design changed the illustration and the wording a little. That's all. No change whatever was made in the famous Camel blend of choice Turkish and domestic tobaccos.

What we learned in the test is that Camel smokers prefer the original package, so we're putting the pyramids right back where they were, as quickly as we can do it. The test package is being discontinued, so you will soon be getting your Camels in the package you know so well.

We have always been proud of the loyalty of Camel smokers, and we thank you for helping us decide *not* to change the looks of the package that brings you the best-liked cigarette of them all! (Yes, we are happy to say that again this year, for the 10th straight year, Camel outsells all others!)

Flies in India Are Target of Trap Inventor

LUCKNOW, India (AP)—Unwise were the flies that plagued Keshoprasad Varma when he was shaving 10 years ago.

Varma, trying to shoo away the insects, dropped his razor, stepped on the blade and badly gashed his foot. On the spot, he pledged revenge against the entire fly dominion.

Now Varma has been granted a patent for an apparatus which he claims is the most efficient fly catcher ever invented.

It consists of two chambers. One is lighted and has a removable top. Its floor is covered with a sugary paste. When the floor is well covered with flies, Varma slams on the top and turns out

Western Reserve's New Building Dedicated

CLEVELAND (AP)—Western Reserve University's new Newton D. Baker Memorial Building, a \$1,600,000 home for the graduate school of business, was dedicated Sunday. In the lobby of the four-story, 33-classroom building is an oil painting of Baker, a former Cleveland mayor and World War I secretary of war.

Varma says the trap is based on the simple fact that flies are attracted by lights and sweets, repelled by darkness. He has learned all about their habits from 10 years of study.

The Uttar Pradesh state government has granted Varma 2,500 rupees—\$500—to perfect his fly trap.

Accused Policeman Now Charged with Trying Juror Bribery

LISBON, Ohio (AP)—One of three former East Liverpool policemen on trial for burglaries which occurred six years ago has been charged also with attempting to bribe a juror.

Prosecutor William Brokaw said a hearing is scheduled for Tuesday morning in Municipal Court for Ira Cunningham on a charge of "attempting to corrupt or influence a juror with promise of money." Brokaw declined to divulge details of the charge.

Cunningham, Robert Carroll and Jerome Raimond are on trial in Common Pleas Court on a charge of burglarizing a hardware store in 1952 and pawing some of the loot with a Toronto, Ohio, pawnbroker. The trial recessed last Wednesday until today to give the prosecution time to locate a wit-

Nation's Economy Gets New Boost

NEW YORK (AP)—Boom forces in the nation's economy gained fresh impetus last week.

Stock market averages roared to new record highs on a burst of buoyant buying; steel production touched its highest level in more than a year. Latest figures on home building showed housing starts proceeding at their fastest pace since 1955.

Industrial production in October continued its upward climb.

The forward momentum of the economy prompted some observers to renew their warnings of inflation. Declared the National Assn. of Credit Management: "The business revival is rapidly gathering a full head of steam but

the prospects of control of inflation for the next couple of years are not bright... this continues to be the number one enemy of national stability."

At a forum sponsored by the National Industrial Conference Board, top business executives predicted a further speedup in the nation's economic tempo.

Ralph Lazarus, president of Federated Department Stores Inc., said American shoppers will make Christmas 1958 the biggest yet, with Yule business in department stores topping 1957 by at least two per cent. Store sales in the first six months of 1959 should exceed the year-ago rate by 4 to 5 per cent, said Lazarus, adding: "Consumers are in a better posi-

tion to buy than they have been in some time."

Thomas F. Patton, president of Republic Steel Corp., told the forum that 1959 steel production should rise 20 to 30 per cent above this year's depressed levels to between 102 million and 110 million ingot tons. Behind the prospective increase: stepped up production of automobiles — from 4½ million this year to 5½ million in 1959 — a rising rate of construction activity, and stronger demand for such steel-consuming items as industrial machinery and freight cars.

The pattern of the nation's defense spending may get a new look next year. Defense Secretary Neil McElroy announced that a major overhaul of military planning is in the works. There will be more emphasis on long-range, inter-continental rocket weapons and less on intermediate-range missiles, more money allocated to the Navy and Air Force and less to the infantry.

Four big reasons why FORD IS OUTSELLING ALL OTHER '59 CARS

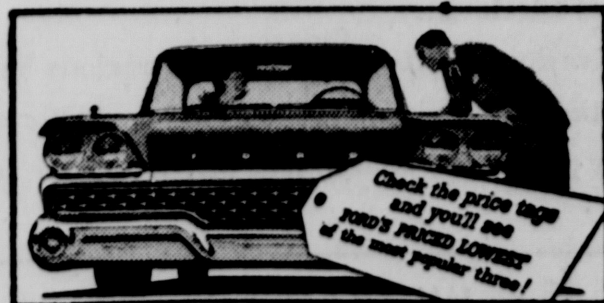

AT THE BRUSSELS WORLD'S FAIR, the '59 Fords were awarded the Gold Medal for handsome new styling elegance by the Comité Français de l'Élégance.

ANYONE CAN FIT IN A FORD: Our cars are built for people—full-size people who want space to stretch out. And all passengers ride in deep-cushion comfort.

YOU'LL BE THANKFUL EVERY TANKFUL if you buy the new Ford, for you'll save up to a dollar a tankful with new engines that run superbly on regular gas.

THE FAMOUS FORD LOW PRICES have already made a hit, because only in Fords will you find value and beauty coming together at down-to-earth prices!

The world's best-selling car is the car with Thunderbird elegance

In the greatest styling decision of the year, the American public has already shown a clear preference for the new Fords. Ford sales are way ahead of all competition. Why? One reason is the classic simplicity of their Thunderbird-inspired design—clean, crisp lines that are pure automobile! And Fords are built for people—to sit in, to drive, to ride in—with comfort.

The car in hottest demand across the land has greater roominess and comfort

Thousands of customers have bought the new Ford over all competition for another compelling reason—it's a true six-passenger car. (The only four-passenger car we recommend is the Thunderbird!) All six Ford passengers get plenty of every kind of room—from leg and head to elbow and hip. Rear seat passengers don't feel like they're riding with their feet in a bucket!

The No. 1 car in sales saves money on gas, on oil, on maintenance bills

A new Ford will save you up to 5¢ a gallon on gas. That's because both standard engines—Six or Thunderbird V-8—thrive on regular gas. And Ford saves on oil, too, with a Full-Flow Oil Filter as standard equipment. Drive 4000 miles between oil changes! And you can forget about waxing your car. Ford's Diamond Lustre Finish stays gleaming bright without waxing—ever!

The most popular American car is priced as much as \$102.75 lower

Ford costs you less right down the line than the competition. Compare price tags and you'll see that the manufacturer's suggested retail price of a Ford, equipped with radio, heater and automatic transmission, is as much as \$102.75 less than the major competition! And on an air-conditioned car, you can save up to \$219.85. So compare and save on a 1959 Ford!

The Push-Button Future

Less than two decades distant, in the roseate view of an electrical appliance industry magazine, is the exciting utopia in which windows will close automatically when it rains.

Not a word, however, about the still brighter age of the future in which the average householder will be able to get one of the dratted things open without pulling a muscle.

All sorts of labor-saving joys are in store for those able to keep body and soul together until circa 1975, the magazine promises — including, no doubt, a triple-toothed mangle that will replace shirt buttons after removing them.

Coming, too, is a dishwasher that cleans, dries and puts away everything in three minutes, obviously paving the way to the ultimate contraption that determines who clears the dinner table and puts the dishes

in the washer.

Touch your thumb to a scanning device in 1975, the magazine says, and your front door will open, putting you on the threshold of an era in which something will tell you who forgot to close the back one.

The prospect of miraculous electronic things to come is thrilling to be sure, but frightening to those who will not know what to do when the toaster persists in laying eggs, the radio stands covered with frost and the refrigerator plays "Volare."

Courtin' Main

With all the warnings about more inflation to come, many persons may actually do their Christmas shopping earlier this year.

3 Servants Brought Privileges

By Hal Boyle

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

That the good old days weren't so bad in France. During the 15th century a Frenchman who kept three servants was permitted to kiss any French woman he fancied—except the relatives of his superiors.

If an acquaintance annoys you by bragging his ancestors came over in 1620 on the Mayflower, you can always squelch him by pointing out: "After all, the first cow came over in 1611."

Hollywood may lead America in ulcers, but New York has more doctors than any other state.

Farm families drink an average of 11 quarts of milk a week. City families drink nine.

Actor Walter Slezak describes his first meeting with his wife thus:

ly: "The moment I saw her, God kissed me on the eyes." How long it has been since you told your wife something like that?

Everybody complains about the high price of food, but down in Colombia, South America, they've got a real holler. The price of toasted ants has just gone up to \$1.34 a pound.

Teen-agers have a new term for horror movies—"screen screams."

That one of the highest cities in the world, Phari in Tibet, is 14,300 feet above sea level. A tourist can't lift anything heavier than a martini for fear of getting a nose-bleed.

Feeling older? Every day 2,000 persons in the United States turn 65.

In the days when the automobile was young, Colorado had this unusual traffic rule: "The speed on

country roads will be a secret, and the penalty for every mile in excess will be \$10."

Americans are still about as restless as ever. Last year one out of five moved to a new home.

Here's a health tip your young daughter probably won't pay any attention to: Some doctors believe prolonged wearing of a pony tail may induce baldness.

Some scientific tests indicate that a man's mental powers in cold weather are up to 30 per cent higher than in warm weather. That reminds us of the old gag about the fellow who had water on the brain. In winter it froze, and everything slipped his mind.

It was Will Rogers who observed, "The income tax has made about as many liars out of the American public as golf has."

Not Even 'A' for Effort

By George Sokolsky

Some time ago, I wrote a piece referring to an essay written by a young lady in the Menlo-Atherton High School in Atherton, Calif., and which I picked up from a British newspaper. I felt it to be my obligation to call attention to such an essay which contained this sentence:

"We must prepare for Russian occupation of the United States by a major change of attitude of the American people."

I have now received a letter from Nicholas M. Nugent, principal, Menlo-Atherton High School. He does not deny that the essay was written and that its author received the grade of A. He states that each student must write a term paper dealing with United States history between 1870 and 1958. Nugent writes:

"The student must demonstrate a fundamental comprehension or factual knowledge of this topic. In other words, the student must examine and understand the historical data on his subject. In addition, the pupil must analyze this data and come up with an original solution. This solution would not necessarily be the most practical one but would demonstrate to the teacher how much thinking the student had done on his topic."

Miss Kathryn Larson, in pursuance of this requirement, came up with this solution:

"We must prepare for Russian occupation of the United States by a major change of attitude of the American people. The plan must not involve violence—but non-violent organization. A strong, national, co-ordinated civil disobedience campaign would be put into effective use. All official Russian orders would be universally disobeyed. We would remain independent and invincible."

Nugent writes: "The grade Miss Larson received (100) did not depend on whether her solution was correct or incorrect but rather was based on the student's ability to present the data."

Then he writes me: "It is to be regretted that the publishing of your article, without a prior investigation of the facts, has brought much unfair criticism to the teacher and the school. If an investigation had been made, it would have been more in keeping with the American tradition of examining both sides of the question before judgment was rendered."

On the contrary, I made the most thorough investigation I regard as necessary. I read the essay, as printed in a British newspaper, which said that the young lady got an A for it and that has proved to be true. That, I think, is all that is newsworthy in this situation.

Nugent makes the point that the essay was read to the class and that some students vigorously challenged Miss Larson's point of view and that her teacher also challenged her viewpoint. So, what has that to do with anything? Besides she got an A for a term paper which required "a fundamental comprehension or factual knowledge of his topic." What factual knowledge brought this young lady to the conclusion that Soviet Russia can and will occupy the United States?

It strikes me that if English words mean what they say the young lady was given an A in fulfillment of the requirements indicated in the paragraph quoted above.

I fear that the pedagogues concerned with this problem do not understand the criticism which they find inconvenient and troublesome. The criticism is that history must be taught in a correct way if students believe that

rect or incorrect but rather was based on the student's ability to present the data."

Info on New Dentures

By Herman N. Bundesen, M.D.

Call them false teeth, artificial dentures or anything you want, but sooner or later most of you will wind up wearing them.

For those of you who might be planning on equipping yourselves with them in the near future, I have a few words of advice.

You must understand that there is a period of considerable adjustment following the insertion of such dentures which takes time. And your state of mind will either assist or hamper this adjustment.

Dentists and doctors realize that age is an important factor in all phases of dental construction. The neuro-muscular coordination of older persons is not as good as that of younger men and women. Thus, it's natural that the older patients will require a longer adjustment period.

You must realize that certain adjustments in the dentures will be necessary before you achieve a real degree of comfort. Checkups are required after the denture is placed in the mouth. Changes in the mouth tissues also make examinations advisable from time to time.

Even during the first several days you have your new teeth you will notice that you will be able to use them more and more effectively.

Another thing I want you to remember is that speech difficulties will be overcome quickly. Time will solve the problem.

One way of speeding speech improvement is to read aloud in front of a mirror.

The condition of the mouth naturally plays an important part in getting used to your new dentures. Therefore, a sound diet is of the utmost importance.

You need tissue-building foods rich in proteins, minerals and vitamins essential for repairing the dental ridges.

For a short time after you first get your new teeth, I suggest that you eat small morsels of soft food. Soon your mouth tissues will be in condition to withstand more solid foods.

You may recall that I have always urged you to brush your teeth after every meal. This is just as important with dentures as with your regular teeth.

Question and Answer
W.A.G.: What is acute cellulitis and what causes it? Are there any known cures for it?

Answer: Acute cellulitis is an inflammation of the tissues. Quite often, when the skin is involved, it also includes the deep layers. This condition is generally attributed to infectious conditions.

Antibiotics have proven helpful in the treatment of acute cellulitis.

Fuel Gas Hike Asked

WASHINGTON (AP)—Ohio Fuel Gas Co. and five other subsidiaries of Columbia Gas System are asking the Power Commission to permit increased rates to match boosts sought by a main supplier of the system, Tennessee Gas Transmission Co. Ohio Fuel seeks to recover \$315,000.

The World Today

By James Marlow

WASHINGTON (AP) — President Eisenhower has had good intentions about holding down government spending. Despite this, spending has risen.

Now he will try again.

At his Nov. 5 news conference, Eisenhower said that during his final two years in the White House he intends to fight against any excessive spending, which he called dangerous to the nation.

Ever since last summer — as happens every year — agency and department heads have been working on the budget: the President's estimate of what it will cost to run the government in the next fiscal year, starting July 1, 1959. He will submit this budget to Congress in January.

While Eisenhower has steadily preached economy, expenses have been steadily getting bigger. Biggest spender of all is the Defense Department, thanks especially to inflation and new weapons.

Of the almost \$9 billion dollars which the government is expected to spend this year, more than half will be for national defense.

In one economy move, the Pentagon expects to trim 30,000 men from the Army and 25,000 from the Marines.

The following figures will give an idea of how government costs have risen, starting in fiscal 1953 when President Truman was still in office and this country was still fighting the Korean War.

Before looking at them, remember a couple of things which keep showing up in these figures: the public debt and a deficit.

In World War II the government was never able to pay its expenses from the revenue it collected, mainly from personal income and corporation taxes.

So the government had to borrow money. It may never be able to pay that debt in full, but it will have to pay interest on it, with the interest coming from revenue.

The goal of each administration is to meet each year's expenses out of current revenue and have a surplus left over to pay on the debt. When expenses total more than revenue there is a deficit.

For example: In 1948, when defense spending was at a postwar low and just as the cold war was beginning, government expenditures were \$33,100,000,000, the public debt was \$252,300,000,000 and, instead of a deficit, the government wound up with a surplus of \$8,400,000,000.

Now skip to 1953, when the United States was fighting in Korea, giving billions in foreign aid, and developing its atomic weapons and jet aircraft.

In that year expenditures to-

lated \$74,300,000,000, the debt was 261 billion, and the government had a deficit of \$9,400,000,000.

In fiscal 1954 expenditures were down to \$67,800,000,000, but the public debt was up to \$271,300,000,000 and there was a deficit of \$3,100,000,000.

In 1955, after Eisenhower had had time to look around, he cut spending to \$64,600,000,000. But the debt was up to \$274,400,000,000 and there was a deficit of \$4,200,000,000.

That was the last year he was able to cut government spending. This has been the score since: 1956—Expenditures, \$64 billion; public debt, \$272,800,000,000; and a surplus of \$1,600,000,000.

1957—Expenditures, \$69,400,000,000; public debt, \$270 billion; and a surplus of \$1,600,000,000.

That was the last year Eisenhower had a surplus. From then on the deficit began to soar:

1958 — Expenditures, \$71,900,000,000; public debt, \$276,300,000,000 and a deficit of \$2,800,000,000.

Expenditures for the 1959 fiscal year—which ends next June 30—are estimated at almost \$80 billion, the public debt at \$283,300,000,000 and the deficit at \$12,200,000,000.

Science Shrinks Piles

New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. At your druggist. Money back guarantee.

The Push-Button Future

Less than two decades distant, in the roseate view of an electrical appliance industry magazine, is the exciting utopia in which windows will close automatically when it rains.

Not a word, however, about the still brighter age of the future in which the average householder will be able to get one of the dratted things open without pulling a muscle.

All sorts of labor-saving joys are in store for those able to keep body and soul together until circa 1975, the magazine promises — including, no doubt, a triple-toothed mangle that will replace shirt buttons after removing them.

Coming, too, is a dishwasher that cleans, dries and puts away everything in three minutes, obviously paving the way to the ultimate contraption that determines who clears the dinner table and puts the dishes

in the washer.

Touch your thumb to a scanning device in 1975, the magazine says, and your front door will open, putting you on the threshold of an era in which something will tell you who forgot to close the back one.

The prospect of miraculous electronic things to come is thrilling to be sure, but frightening to those who will not know what to do when the toaster persists in laying eggs, the radio stands covered with frost and the refrigerator plays "Volare."

Courtin' Main

With all the warnings about more inflation to come, many persons may actually do their Christmas shopping earlier this year.

3 Servants Brought Privileges

By Hal Boyle

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

That the good old days weren't so bad in France. During the 15th century a Frenchman who kept three servants was permitted to kiss any French woman he fancied—except the relatives of his superiors.

If an acquaintance annoys you by bragging his ancestors came over in 1620 on the Mayflower, you can always squelch him by pointing out: "After all, the first cow came over in 1611."

Hollywood may lead America in ulcers, but New York has more doctors than any other state.

Farm families drink an average of 11 quarts of milk a week. City families drink nine.

Actor Walter Slezak describes his first meeting with his wife thus:

"The moment I saw her, God kissed me on the eyes." How long has it been since you told your wife something like that?

Everybody complains about the high price of food, but down in Colombia, South America, they've got a real holler. The price of toasted ants has just gone up to \$1.34 a pound.

Teen-agers have a new term for horror movies—"screen screams."

That one of the highest cities in the world, Phari in Tibet, is 14,300 feet above sea level. A tourist can't lift anything heavier than a martini for fear of getting a nose-bleed.

Feeling older? Every day 2,000 persons in the United States turn 65.

In the days when the automobile was young, Colorado had this unusual traffic rule: "The speed on

country roads will be a secret, and the penalty for every mile in excess will be \$10."

Americans are still about as restless as ever. Last year one out of five moved to a new home.

Here's a health tip your young daughter probably won't pay any attention to: Some doctors believe prolonged wearing of a pony tail may induce baldness.

Some scientific tests indicate that a man's mental powers in cold weather are up to 30 per cent higher than in warm weather. That reminds us of the old gag about the fellow who had water on the brain. In winter it froze, and everything slipped his mind.

It was Will Rogers who observed, "The income tax has made about as many liars out of the American public as golf has."

Not Even 'A' for Effort

By George Sokolsky

Some time ago, I wrote a piece referring to an essay written by a young lady in the Menlo-Atherton High School in Atherton, Calif., and which I picked up from a British newspaper. I felt it to be my obligation to call attention to such an essay which contained this sentence:

"We must prepare for Russian occupation of the United States by a major change of attitude of the American people."

I have now received a letter from Nicholas M. Nugent, principal, Menlo-Atherton High School. He does not deny that the essay was written and that its author received the grade of A. He states that each student must write a term paper dealing with United States history between 1870 and 1958. Nugent writes:

"The student must demonstrate a fundamental comprehension or factual knowledge of this topic. In other words, the student must examine and understand the historical data on his subject. In addition, the pupil must analyze this data and come up with an original solution. This solution would not necessarily be the most practical one but would demonstrate to the teacher how much thinking the student had done on his topic."

Miss Kathryn Larson, in pursuance of this requirement, came up with this solution:

"We must prepare for Russian occupation of the United States by a major change of attitude of the American people. The plan must not involve violence—but non-violent organization. A strong, national, co-ordinated civil disobedience campaign would be put into effective use. All official Russian orders would be universally disobeyed. We would remain independent and invincible."

Nugent writes: "The grade Miss Larson received (100) did not depend on whether her solution was correct or incorrect but rather was based on the student's ability to present the data."

Then he writes me: "It is to be regretted that the publishing of your article, without a prior investigation of the facts, has brought much unfair criticism to the teacher and the school. If an investigation had been made, it would have been more in keeping with the American tradition of examining both sides of the question before judgment was rendered."

On the contrary, I made the most thorough investigation I regard as necessary. I read the essay, as printed in a British newspaper, which said that the young lady got an A for it and that has proved to be true. That, I think, is all that is newsworthy in this situation.

Nugent makes the point that the essay was read to the class and that some students vigorously challenged Miss Larson's point of view and that her teacher also challenged her viewpoint. So, what has that to do with anything? Besides she got an A for a term paper which required "a fundamental comprehension or factual knowledge of his topic." What factual knowledge brought this young lady to the conclusion that Soviet Russia can and will occupy the United States?

It strikes me that if English words mean what they say the young lady was given an A in fulfillment of the requirements indicated in the paragraph quoted above.

I fear that the pedagogues concerned with this problem do not understand the criticism which they find inconvenient and troublesome. The criticism is that history must be taught in a way that students believe that

we already need to prepare for our defeat and for what we should do when the Russians and Red Chinese take us over.

In a word, I do not blame Miss Larson; I do blame a materialistic, secularized, unidealistic system of education which is poisoning the minds and removing the spirit from our youth. This is evident particularly when one speaks of the prospect of war. There is very little robust denial of cowardice; there is rather the assumption that a deal can be made with Khrushchev, now that Stalin is dead. A nation of cowards dies a cowardly death.

That was the point of the prior article on this essay and is my response to Principal Nugent's reply. It is a pity that such a subject need even be discussed in a country like ours.

\$500 Reward Posted In Oxford Slugging

OXFORD, Ohio (AP)—Trustees of Western College for Women have posted a \$500 reward for a man who broke into the campus home of Dean Mary Ashby Cheek and slugged her unconscious early last Nov. 8. The board offered the reward Sunday for information leading to conviction of her assailant.

Livestock Judging Begins

BALTIMORE (AP)—Livestock judging begins today at the 12th annual Eastern National Livestock Show. In weekend activity, Ohio State University placed second in collegiate livestock judging with 4,043 points Saturday. The University of Tennessee team won with 4,078, beating nine others.

The World Today

By James Marlow

WASHINGTON (AP) — President Eisenhower has had good intentions about holding down government spending. Despite this, spending has risen.

Now he will try again.

At his Nov. 5 news conference, Eisenhower said that during his final two years in the White House he intends to fight against any excessive spending, which he called dangerous to the nation.

Ever since last summer — as happens every year—agency and department heads have been working on the budget: the President's estimate of what it will cost to run the government in the next fiscal year, starting July 1, 1959. He will submit this budget to Congress in January.

While Eisenhower has steadily preached economy, expenses have been steadily getting bigger. Biggest spender of all is the Defense Department, thanks especially to inflation and new weapons.

Of the almost 80 billion dollars which the government is expected to spend this year, more than half will be for national defense.

In one economy move, the Pentagon expects to trim 30,000 men from the Army and 25,000 from the Marines.

The following figures will give an idea of how government costs have risen, starting in fiscal 1953 when President Truman was still in office and this country was still fighting the Korean War.

Before looking at them, remember a couple of things which keep showing up in these figures: the public debt and a deficit.

In World War II the government was never able to pay its expenses from the revenue it collected, mainly from personal income and corporation taxes.

So the government had to borrow money. It may never be able to pay that debt in full, but it will have to pay interest on it, with the interest coming from revenue.

The goal of each administration is to meet each year's expenses out of current revenue and have a surplus left over to pay on the debt. When expenses total more than revenue there is a deficit.

For example: In 1948, when defense spending was at a postwar low and just as the cold war was beginning, government expenditures were \$33,100,000,000, the public debt was \$252,300,000,000 and, instead of a deficit, the government wound up with a surplus of \$8,400,000,000.

Now skip to 1953, when the United States was fighting in Korea, giving billions in foreign aid, and developing its atomic weapons and jet aircraft.

In that year expenditures to-

taled \$74,300,000,000, the debt was 261 billion, and the government had a deficit of \$9,400,000,000.

In fiscal 1954 expenditures were down to \$67,800,000,000, but the public debt was up to \$271,300,000,000 and there was a deficit of \$3,100,000,000.

In 1955, after Eisenhower had had time to look around, he cut spending to \$64,600,000,000. But the debt was up to \$274,400,000,000 and there was a deficit of \$4,200,000,000.

That was the last year he was able to cut government spending.

This has been the score since: 1956—Expenditures, \$66½ billion dollars; public debt, \$272,800,000,000; and a surplus of \$1,600,000,000.

1957—expenditures, \$69,400,000,000; public debt, 270½ billion; and a surplus of \$1,800,000,000.

That was the last year Eisenhower had a surplus. From then on the deficit began to soar:

1958 — Expenditures, \$71,900,000,000; public debt, \$276,300,000,000 and a deficit of \$2,800,000,000.

Expenditures for the 1959 fiscal year—which ends next June 3—are estimated at almost \$80 billion, the public debt at \$283,300,000,000 and the deficit at \$12,200,000,000.

Mission Study Held by Baptist WMU

The Woman's Missionary Society of the Circleville First Baptist Church met two evenings last week for the Foreign Mission Study.

Mrs. W. J. Muse, president, presided over the meetings. She attended the state WMU convention in Sylvania, O., and heard an address given by Dr. J. Winston Crawley, author of "Into a New World," the book studies in the mission study.

A brief introduction to Dr. Crawley was given by Mrs. Muse preceding the teaching of the book by Mrs. Charles Thomas.

Mrs. Enoch Morrow reported on the Sunbeam Study course book, "Carlos and the Green Car." Mrs. Richard Compton reported briefly on Taiwan and Mrs. Wayne Koonce discussed the GA study course book, "Ming Li."

Mrs. Thomas was given appreciation for the extensive amount of time and work spent in preparation for this study.

Monday evening there were nine members and five visitors present and Tuesday evening, 12 members and two visitors present.

Guest Night Planned by Sigma Phi

Invited guests night was planned by Beta Kappa Chapter of Sigma Phi Gamma Sorority when it met in the home of Mrs. William T. Brown, 157 Pinckney St., last week. There were 13 members present.

Mrs. John Roll, 1075 Lynwood Ave., will be hostess to guest night at 8 p. m. Thursday. Assisting her will be Miss Mary Ellen Rader.

Mrs. Ben Stevenson was elected to the office of editor to fill a vacancy.

The upperware orders were collected and were to be sent in on Saturday. The next order for upperware should be taken and in by the December 10th meeting.

At the close of the meeting refreshments were served.

Mrs. Ezell Host For Guild No. 27

Mrs. Bonner Ezell, 597 N. Court St., will be hostess to Berger Hospital Guild No. 27 at 8 p. m. Tuesday.

BH Guild No. 16 To Meet Wednesday

Berger Hospital Guild No. 16 will meet in the home of Mrs. Dwight Steele, 416 S. Court St., at 2 p. m. Wednesday.

Meeting Cancelled

The November meeting has been cancelled by Berger Hospital Guild No. 20. The annual Christmas party will be held December 17th at the home of Mrs. Eugene Hanson, 355 E. Main St.

Club To Meet

The Pitch-In-Sewing Club will meet at 2 p. m. Tuesday in the home of Mrs. Millard May, Route 1, Stoutsville.

Wife Preservers

Save a crumb-cleaning job by spreading paper beneath the cake rack when you bake. As you remove the cake from the pan, the crumbs will fall on the paper, ready to be thrown out.

"Mary Haworth's Mail"

DEAR MARY HAWORTH: I was amazed to learn that Midshipmen at the U. S. Naval Academy have difficulty finding "drags" for their weekends.

My girl friend and I frequently have day dreamed of such a privilege, but unfortunately we have no acquaintances there.

We are both 18 years old, fairly

nice looking and, most important

of all, single. We recently graduated from high school and are now working for a very reputable firm.

If it is possible for you to introduce us, by mail, to any midshipmen, we would be ever grateful.

KATHY & CAROL

DEAR MARY HAWORTH: In response to a midshipman's recent request for information on how to meet nice young women. I write to extend to him an invitation to the Saturday night dances—from 8:30 p. m. to 1 a. m.—at the Manhattan Officers' Club in New York, in the New York Hotel.

The club is comprised of about 150 girls, plus numerous friends, each weekend. Dances are given for officers and cadets in the nation's armed forces. The club has a director and we are recognized and endorsed by the top ranking officers of the military services.

Many an admiral, general, and even officers from other nations, have visited us, and complimented our social program.

We are girls between the ages of 18 and 25. Most of us are college students; also there are nurses, secretaries, even a few airline stewardesses. Each of us has been interviewed and given a security check (of several weeks) before we are admitted.

E. S.

DEAR GIRLS: There's nothing I can do to help Cupid here, except offer your censored letters as proof to our midshipman that it isn't lack of feminine interest, but lack of initiative on his part, that keeps him dateless on weekends.

Your responsiveness challenges him to take the lead—as men are supposed to do—in searching out girls he'd like to know. Obviously opportunity is at high tide.

M. H.

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of this newspaper.

Dr. Montgomery Guest Speaker

Dr. Montgomery will be the guest speaker when the Pickaway County Registered and Graduate Nurses Assn. meet in the home of Mrs. Robert Johnson, Woodland Drive, at 8 p. m. Tuesday. Mrs. William Clifton will be the co-hostess.

Silent Auction Planned by Group

Berger Hospital Guild No. 28 will meet in the home of Mrs. Hal Dickenson, 208 N. Scioto St., at 2 p. m. Tuesday. Members are reminded to bring items for the silent auction.

OEA To Aid Teacher in Discipline Fuss

COLUMBUS, Ohio (AP) — The Ohio Education Assn. is going to the aid of a North Olmsted teacher who failed to win a pupil-discipline lawsuit.

The association's president, John McDowell of Hudson, said the OEA Executive Committee has authorized "all possible financial assistance" to Allan E. Cheyne, a high school teacher in the Cuyahoga County town. It would help him pay court costs and legal fees resulting from an action brought against him by the parents of Terry Lambert, 16.

Cheyne was charged with choking the boy and tearing his shirt while administering discipline. A jury on Nov. 5 ordered Cheyne to pay \$8 token damages.

Said McDowell: "The OEA regards this case with utmost seriousness despite the fact that the jury awarded only a few dollars in damages. Frivolous decisions like this one can serve only to promote hoodlumism and a further breakdown of discipline in the schools of Ohio."

"In effect, the jury has issued an open invitation to ignore teacher authority in the classroom and to convert our schools into 'blackboard jungles.' No thinking parent or taxpayer would so encourage further youthful disrespect of the role which teachers are required to play."

McDowell's organization represents 60,000 members of the state professional association of teachers and administrators.

2 Ohio Truckers Win Citations in Roadoo

MIAMI BEACH, Fla. (AP) — Truck drivers Gene Harris of Zanesville, Ohio, and Hubert I. Kennedy of Cincinnati are among winners in the national roadoo. Kennedy, a defending champion, gets \$50 a month for the next year by winning the three-axle tractor trailer division, and Harris gets \$30 a month for placing second in the four-axle tractor trailer division Sunday.

Church Council Holding Conference In Cleveland

CLEVELAND (AP) — Do Protestant churches effectively communicate their ideas to the American public?

That's the subject of the eighth annual meeting today of the National Council of Churches' Division of Christian Life and Work.

Methodist Bishop G. Bromley Oxham of Washington, D. C., will preside at the one-day meeting.

Tuesday, the council's fifth world order study conference will convene with a keynote address by Bishop Oxham.

Secretary of State Dulles will speak Tuesday evening. Other major addresses will be presented by Thomas K. Finletter, former secretary of the Air Force, and Dr. O. Frederick Nolde, dean of graduate school, Lutheran Theological Center, Philadelphia.

Some 600 clergy and laymen will

Social Happenings

The Circleville Herald, Monday, Nov. 17, 1958
Circleville, Ohio

Officers Reelected for Past Presidents Club, DUV

The old officers were reelected to serve another year when the Past Presidents Club of the Daughters of the Union Veterans of the Civil War, were entertained in the country home of Mrs. James Pierce, Route 4, last night.

Mrs. E. L. Tolbert, president, presided for the business hour. She opened the meeting with a reading, "Food for Thought." Mrs. C. O. Kerns, patriotic instructor, led the group in the pledge allegiance and class motto.

The officers who will serve another year are: Mrs. Tolbert, president; Mrs. Frank Webbe, vice president and Mrs. James Trimmer, secretary-treasurer. Mrs. Kerns was elected flower-secretary to fill the vacant office left by Mrs. Cora Coffland, who left recently to make her home with her daughter in Beloit, Wisc.

The president reminded the members of the annual daughters' day dinner to be held at the Kerns Restaurant, 250 E. Franklin St., at 6:30 p. m. Thursday, December 11. There will be a gift exchange at the dinner.

The business session closed with the Lord's prayer.

Mrs. Webbe, program chairman, presented two articles, "The Birth of Americanism" and "The Anniversary of the Signing of the Mayflower Compact." Mrs. Tolbert gave some statistics on Veterans' Day honoring men of all wars.

Mrs. W. E. Picken read "We Honor Our Dead" taken from one of last week's Herald. Mrs. Earl Smith gave "A Flag of Peace, Project of Ohio Recalled."

In observance of Thanksgiving, Mrs. Pierce read "The First Thanksgiving." Mrs. Trimmer gave "The Inner Thanksgiving." A poem entitled "Thanksgiving" was given by Mrs. Kerns. Mrs. Irene Jenkins gave a poem on Thanksgiving and Miss Nellie Palm presented a prayer for Thanksgiving.

The campfire session and singing "The Battle Hymn of the Republic," with Mrs. Pierce at the piano concluded the program.

The hostess served a dessert course at the close of the program. She used decorations which were suggestive of Thanksgiving.

Club members decided to disperse with meetings in January and February. Miss Jenkins and Mrs. Palm will entertain the members in March.

Mayor and Mrs. Ben H. Gordon, Northside Road, are spending two weeks in Florida.

Misses Gladys Hulise and Charlotte Hoffman, Circleville, spent the weekend with Misses Barbara Hoffman and Mary Boldoser, Cincinnati.

Mrs. Grace Curtis, Fort Madison, Iowa, is visiting with her daughter and family, Mr. and Mrs. Robert Harrod and Chip and Becky, Knollwood Village.

Mr. and Mrs. Robert Dittmer, Columbus, were Saturday visitors of Mr. and Mrs. William Brown and Lisa, Pickney St.

Mission Study Held by Baptist WMU

The Woman's Missionary Society of the Circleville First Baptist Church met two evenings last week for the Foreign Mission Study.

Mrs. W. J. Muse, president, presided over the meetings. She attended the state WMU convention in Sylvania, O., and heard an address given by Dr. J. Winston Crawley, author of "Into a New World," the book studies in the mission study.

A brief introduction to Dr. Crawley was given by Mrs. Muse preceding the teaching of the book by Mrs. Charles Thomas.

Mrs. Enoch Morrow reported on the Sunbeam Study course book, "Carlos and the Green Car." Mrs. Richard Compton reported briefly on Taiwan and Mrs. Wayne Koonce discussed the GA study course book, "Ming Li."

Mrs. Thomas was given appreciation for the extensive amount of time and work spent in preparation for this study.

Monday evening there were nine members and five visitors present and Tuesday evening, 12 members and two visitors present.

Plans were made for the annual Christmas Party which will be held December 12 in the home of Mrs. Young, 1046 Georgia Road.

At the close of the meeting refreshments were served.

During the social hour, group singing was enjoyed. Organ selections were presented by Miss Carmean and Mrs. A. W. Gras.

Mrs. John Roll, 1075 Lynwood Ave., will be hostess to guest night at 8 p. m. Thursday. Assisting her will be Miss Mary Ellen Rader.

Mrs. Blen Stevenson was elected to the office of editor to fill a vacancy.

The upperware orders were collected and were to be sent in on Saturday. The next order for upperware should be taken and in by the December 10th meeting.

At the close of the meeting refreshments were served.

Berger Hospital Guild No. 28 will meet in the home of Mrs. Hal Dickinson, 208 N. Scioto St., at 2 p. m. Tuesday. Members are reminded to bring items for the silent auction.

Ever heat drained canned peach halves in melted currant jelly and serve warm with vanilla ice cream? Good!

nice looking and, most important of all, single. We recently graduated from high school and are now working for a very reputable firm.

If it is possible for you to introduce us, by mail, to any midshipmen, we would be very grateful.

KATHY & CAROL

DEAR MARY HAWORTH: In response to a midshipman's recent request for information on how to meet nice young women, I write to extend to him an invitation to the Saturday night dances—from 8:30 p. m. to 1 a. m.—at the Manhattan Officers' Club in New York, in the New Yorker Hotel.

The club is comprised of about 150 girls, plus numerous friends, each weekend. Dances are given for officers and cadets in the nation's armed forces. The club has a director and we are recognized and endorsed by the top ranking officers of the military services.

Many an admiral, general, and even officers from other nations, have visited us, and complimented our social program.

We are girls between the ages of 18 and 25. Most of us are college students; also there are nurses, secretaries, even a few airline stewardesses. Each of us has been interviewed and given a security check (of several weeks) before we are admitted.

DEAR GIRLS: There's nothing I can do to help Cupid here, except offer your censored letters as proof to our midshipman that it isn't lack of feminine interest, but lack of initiative on his part, that keeps him dateless on weekends.

Your responsiveness challenges him to take the lead—as men are supposed to do—in searching out girls he'd like to know. Obviously opportunity is at high tide.

M.H.

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of this newspaper.

2 Ohio Truckers Win Citations in Roadoo

MIAMI BEACH, Fla. (AP) — Truck drivers Gene Harris of Zanesville, Ohio, and Hubert I. Kennedy of Cincinnati are among winners in the national roadoo.

Kennedy, a defending champion, gets \$50 a month for the next year by winning the three-axle tractor trailer division, and Harris gets \$30 a month for placing second in the four-axle tractor trailer division Sunday.

OEA To Aid Teacher in Discipline Fuss

COLUMBUS, Ohio (AP) — The Ohio Education Assn. is going to the aid of a North Olmsted teacher who failed to win a pupil-discipline lawsuit.

The association's president, John McDowell of Hudson, said the OEA Executive Committee has authorized "all possible financial assistance" to Allan E. Cheyney, a high school teacher in the Cuyahoga County town. It would help him pay court costs and legal fees resulting from an action brought against him by the parents of Terry Lambert, 16.

Cheyney was charged with choking the boy and tearing his shirt while administering discipline. A jury on Nov. 5 ordered Cheyney to pay \$8 token damages.

Said McDowell:

"The OEA regards this case with utmost seriousness despite the fact that the jury awarded only a few dollars in damages. Frivolous decisions like this one can serve only to promote hoodlums and a further breakdown of discipline in the schools of Ohio."

"In effect, the jury has issued an open invitation to ignore teacher authority in the classroom and to convert our schools into 'blackboard jungles.' No thinking parent or taxpayer would so encourage further, youthful disrespect of the role which teachers are required to play."

McDowell's organization represents 60,000 members of the state professional association of teachers and administrators.

Church Council Holding Conference In Cleveland

CLEVELAND (AP) — Do Protestant churches effectively communicate their ideas to the American public?

That's the subject of the eighth annual meeting today of the National Council of Churches' Division of Christian Life and Work.

Methodist Bishop G. Bromley Oxham of Washington, D. C., will preside at the one-day meeting.

Tuesday, the council's fifth world order study conference will convene with a keynote address by Bishop Oxham.

Secretary of State Dulles will speak Tuesday evening. Other major addresses will be presented by Thomas K. Finletter, former secretary of the Air Force, and Dr. O. Frederick Nolde, dean of graduate school, Lutheran Theological Center, Philadelphia.

Some 600 clergy and laymen will

Youngstown University To Honor 3 Steelmen

YOUNGSTOWN, Ohio (AP)—Dr. Howard W. Jones, president of Youngstown University, will confer honorary doctor degrees on three steel industry executives Wednesday night at the school's golden anniversary academic convocation.

Clifford F. Hood, president of U. S. Steel Corp. and convocation speaker, will receive a doctor of engineering degree; William Haig Ramage, president of Valley Mould and Iron Corp. and a university trustee, will be given a doctor of laws degree, and Walter E. Watson, retired vice president of Youngstown Sheet & Tube Co. will get a doctorate of humane letters.

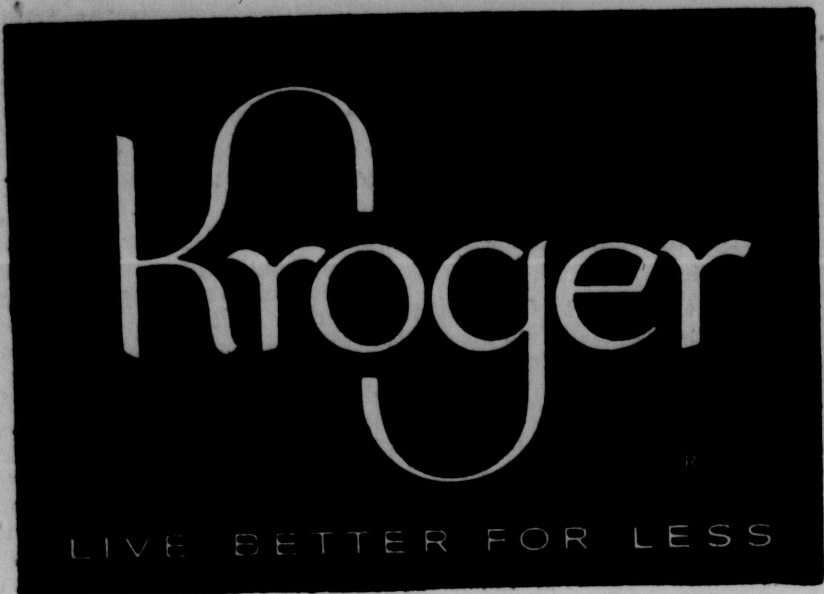

If you want enough cooked rice to fill an 8 1/2 or 9 inch ring mold, you'll have to start with 2 cups of raw rice.

participate in the four-day study conference.

You Can Play it at Sight . . . without Lessons!

Don't Look Now, but Ohio Dem Machine Is Well Oiled

By ART PARKS
COLUMBUS, Ohio (AP) — Bemused by the effect of the recession, the national Democratic trend and right to work on the recent Ohio election, political experts apparently have missed one key point:
While almost no one was looking, an effective Democratic organization was being reborn in Ohio.
As complex as this year's elec-

Brown County Boy Wins Ohio History Prize

ATHENS, Ohio (AP) — David Eugene Yockey of Sardinia High School in Brown County has been declared the winner of the 12th annual Ohio History, Government and Citizenship Award competition at Ohio University.
The competition is sponsored by the university and the Ohio Department of Education. Some 6,000 junior and senior high school students from every county in the state participated in the contest, with the 100 of the top winners coming here for the final competition.
Second place in the essay-type contest in which students write the answers to questions fired at them about the history and culture of Ohio, was Jeffery Alan Manley of Portsmouth High School. Third place went to Barbara Cade of Mariemont High School. The three winners won \$100, \$50 and \$25, respectively.
Prizes of \$10 also went to the others in the top 10: They are Virginia Gray, St. Mary of the Springs, Columbus; Jean Burg, Painesville; Riverside William Case, Granville; Jacqueline Dunn, Sidney; Linda Kautz, Sandusky; Frank Schwarz Jr., Eaton, and Barbara Ripp, Jackson Local.

tion campaign was, there really is no sure way to gauge the job the new organization did for the party.
It is possible, however, future historians of Ohio politics will rate the emergence of the new Democratic organization under Chairman William L. Coleman as one of the top developments of 1958.
Historians will record (we hope) that the recession was a one-shot campaign issue. It seems probable, too, that right to work will be absent from the Ohio political scene for some time to come.
During the decade that Democrat Frank J. Lausche was governor, the Democratic state organization milled, deteriorated and finally crumbled into dust. Lausche, a man with unusual appeal to the voters, didn't need an organization to help him get elected.
It is no reflection on the caliber of other candidates—be they Republicans or Democrats—that they do need the help of statewide organizations. Few men possess the type of magnetism with which Lausche has gathered in the votes of thousands of independents and nominal Republicans.

Coleman, the new Democratic chairman hand-picked in 1956 by the now Gov.-elect Michael V. DiSalle, saw 1958 as a do-or-die year. He says: "We had to get the job done this year. We had to breathe new life into the statewide organization or face the prospect of a one-party state."
"We got the job done, and I've never been so happy in my life." The new organization goes deep into the grass - roots, even into rural areas that many Democrats in the past have conceded automatically to the Republicans. And these new, enthusiastic groups have been doing a lot of work in addition to making considerable noise.

Coleman actually started the 1958 campaign in motion in the bleak, pre-dawn hour of 4 a.m. Nov. 7, 1956, shortly after the presidential year Republican landslide became certain.
One of the top features of the

successful drive to elect a Democratic governor in 1958 was a series of training schools for precinct workers in all sections of the state.

Another was a caravan of statewide Democratic candidates through the 12 rural congressional districts in midsummer to get things stirred up many weeks earlier than usual.

One evidence of increased Democratic activity and support which developed: Two years ago only 23 of Ohio's 88 counties participated in the "Dollars for Democrats" drive; this year there were 83.

Money makes the mare—and political campaigns—go. Among other things, this increased financial support has enabled Coleman to pick up his first pay check as a full-time chairman. He hasn't been collecting his salary although it was authorized two years ago.
Fair warning to Republican organizations in Ohio cities: Coleman already is working on next year's municipal campaign.

PROBABLY WANT TO GO BACK TO THE CONGO—Newcomers at New York's Bronx zoo give the camera a lugubrious look as they make their American debut. They are 18-month-old Belgian Congo gorillas, and one is a male, but which one?

BETTER BUSINESS BUREAU TELLS YOU HOW TO BUY HEATING SYSTEM

We offer this booklet as a public service. Naturally, Better Business Bureaus cannot recommend or endorse any company, individual, product or service; and the distribution of this booklet should not be construed otherwise.

Before modernizing your heating system, we urge you to read a helpful 12-page booklet copyrighted by the Cleveland Better Business Bureau.

By special permission we quote one sentence that tells how the irresponsible operator can afford to cut price:

"For every \$50 that comes off the price of the installation, \$50 worth of value is being taken out of the system somewhere."

But read the complete booklet entitled "How to enjoy Comfort Heating." Telephone or write for your free copy, today.

Ohio Trucker Spreads Awful Lot of Cheese

CHICAGO (AP)—Roy Bensley, a Cleveland, Ohio, truck driver, spread an awful lot of cheese with a jack-knife Saturday—in a manner of speaking.

Bensley, 55, told suburban Skokie police that a careless motorist cut in front of the truck-trailer rig in which Bensley was carrying 16 tons of bulk cheese from a Marshfield, Wis., manufacturing plant to a Chicago warehouse.

Bensley, compelled to brake and turn to avoid ramming the offender, lost control. His trailer whipped past his tractor-truck in what truckers call a jack-knife. It upset, and the load of cheese flooded the highway.

Nelsonville Probes Shooting of Pensioner

ATHENS, Ohio (AP)—Gunfire cracked through the Sunday morning calm in the community square at nearby Nelsonville, and police are wondering why.

They have 70-year-old James So wards in the county jail here for investigation. He was picked up about 9:15 a.m. Sunday, five minutes after another elderly man—Porter McCombs, 61, of Rt. 1, Nelsonville—was fatally wounded.

Police said no reason for the shooting has been found, adding that both men were apparently on pension.

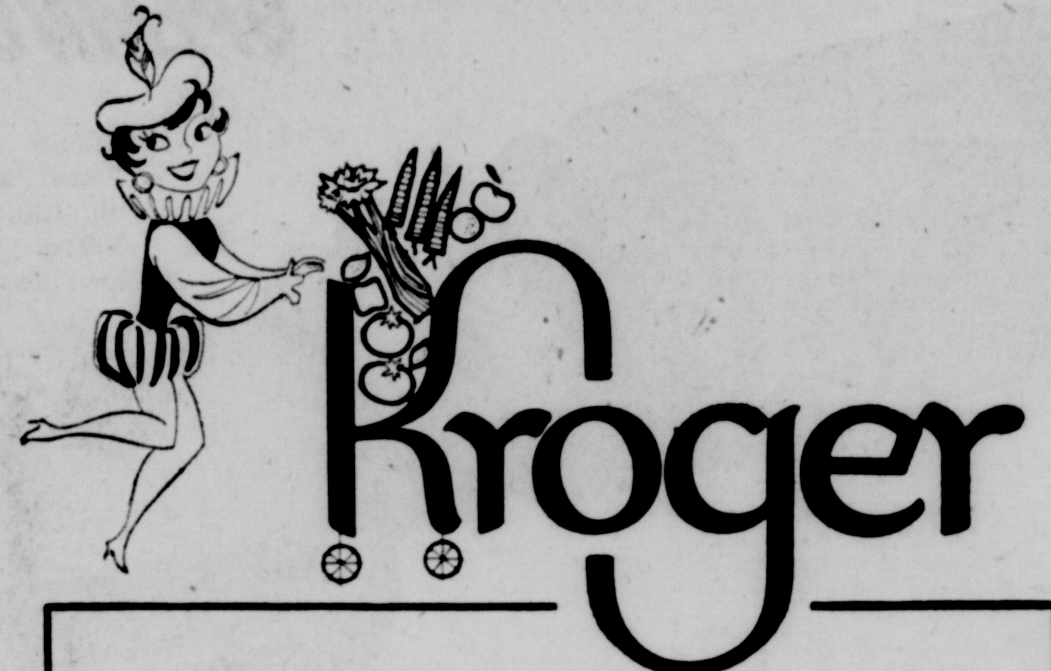

Her Marriage Gives Her 15 Children

CLEVELAND (AP)—When Angela Weist became Mrs. James W. Kerrigan in simple ceremonies at St. Luke's Catholic Church Saturday she also became the mother of 15 children.

The children, 10 belonging to Kerrigan and five to the former Mrs. Weist by previous marriages, sat in the first pew of the suburban Lakewood church.

The groom's wife died five years ago following the birth of twins, William and Patrick. The bride's husband died of a heart attack two years ago.

Don't Look Now, but Ohio Dem Machine Is Well Oiled

By ART PARKS
COLUMBUS, Ohio (AP) — Bemused by the effect of the recession, the national Democratic trend and right to work on the recent Ohio election, political experts apparently have missed one key point:
While almost no one was looking, an effective Democratic organization was being reborn in Ohio.
As complex as this year's elec-

Brown County Boy Wins Ohio History Prize

ATHENS, Ohio (AP) — David Eugene Yockey of Sardinia High School in Brown County has been declared the winner of the 12th annual Ohio History, Government and Citizenship Award competition at Ohio University.
The competition is sponsored by the university and the Ohio Department of Education. Some 6,000 junior and senior high school students from every county in the state participated in the contest, with the 100 of the top winners coming here for the final competition.
Second place in the essay-type contest in which students write the answers to questions fired at them about the history and culture of Ohio, was Jeffery Alan Manley of Portsmouth High School. Third place went to Barbara Cade of Mariemont High School. The three winners won \$100, \$50 and \$25, respectively.
Prizes of \$10 also went to the others in the top 10: They are Virginia Gray, St. Mary of the Springs, Columbus; Jean Burg, Painesville; Riverside William Case, Granville; Jacqueline Dunn, Sidney; Linda Kautz, Sandusky; Frank Schwab Jr., Eaton; and Barbara Ripp, Jackson Local.

tion campaign was, there really is no sure way to gauge the job the new organization did for the party.
It is possible, however, future historians of Ohio politics will rate the emergence of the new Democratic organization under Chairman William L. Coleman as one of the top developments of 1958.
Historians will record (we hope) that the recession was a one-shot campaign issue. It seems probable, too, that right to work will be absent from the Ohio political scene for some time to come.
During the decade that Democrat Frank J. Lausche was governor, the Democratic state organization milled, deteriorated and finally crumbled into dust. Lausche, a man with unusual appeal to the voters, didn't need an organization to help him get elected.
It is no reflection on the caliber of other candidates—be they Republicans or Democrats—that they do need the help of statewide organizations. Few men possess the type of magnetism with which Lausche has gathered in the votes of thousands of independents and nominal Republicans.
Coleman, the new Democratic chairman hand-picked in 1956 by the now Gov. elect Michael V. DiSalle, saw 1958 as a do-or-die year. He says: "We had to get the job done this year. We had to breathe new life into the statewide organization or face the prospect of a one-party state."
"We got the job done, and I've never been so happy in my life." The new organization goes deep into the grass—roots, even into rural areas that many Democrats in the past have conceded automatically to the Republicans. And these new, enthusiastic groups have been doing a lot of work in addition to making considerable noise.
Coleman actually started the 1958 campaign in motion in the bleak, pre-dawn hour of 4 a.m. Nov. 7, 1956, shortly after the presidential year Republican landslide became certain.
One of the top features of the

successful drive to elect a Democratic governor in 1958 was a series of training schools for precinct workers in all sections of the state.
Another was a caravan of statewide Democratic candidates through the 12 rural congressional districts in midsummer to get things stirred up many weeks earlier than usual.
One evidence of increased Democratic activity and support which developed: Two years ago only 23 of Ohio's 88 counties participated in the "Dollars for Democrats" drive; this year there were 83.
Money makes the mare—and political campaigns—go. Among other things, this increased financial support has enabled Coleman to pick up his first pay check as a full-time chairman. He hasn't been collecting his salary although it was authorized two years ago.
Fair warning to Republican organizations in Ohio cities: Coleman already is working on next year's municipal campaign.

PROBABLY WANTA GO BACK TO THE CONGO—Newcomers at New York's Bronx zoo give the camera a lugubrious look as they make their American debut. They are 18-month-old Belgian Congo gorillas, and one is a male, but which one?

BETTER BUSINESS BUREAU TELLS YOU HOW TO BUY HEATING SYSTEM

Before modernizing your heating system, we urge you to read a helpful 12-page booklet copyrighted by the Cleveland Better Business Bureau.
By special permission we quote one sentence that tells how the irresponsible operator can afford to cut price:

"For every \$50 that comes off the price of the installation, \$50 worth of value is being taken out of the system somewhere."
But read the complete booklet entitled "How to enjoy Comfort Heating." Telephone or write for your free copy, today.

Ohio Trucker Spreads Awful Lot of Cheese

CHICAGO (AP)—Roy Bensley, a Cleveland, Ohio, truck driver, spread an awful lot of cheese with a jack-knife Saturday—in a manner of speaking.
Bensley, 55, told suburban Skokie police that a careless motorist cut in front of the truck-trailer rig in which Bensley was carrying 16 tons of bulk cheese from a Marshfield, Wis., manufacturing plant to a Chicago warehouse.
Bensley, compelled to brake and turn to avoid ramming the offender, lost control. His trailer whipped past his tractor-truck in what truckers call a jack-knife. It upset, and the load of cheese flooded the highway.

Nelsonville Probes Shooting of Pensioner

ATHENS, Ohio (AP)—Gunfire cracked through the Sunday morning calm in the community square at nearby Nelsonville, and police are wondering why.
They have 70-year-old James Sowards in the county jail here for investigation. He was picked up about 9:15 a.m. Sunday, five minutes after another elderly man—Porter McCombs, 61, of Rt. 1, Nelsonville—was fatally wounded.
Police said no reason for the shooting has been found, adding that both men were apparently on pension.

Her Marriage Gives Her 15 Children

CLEVELAND (AP)—When Angela Weist became Mrs. James W. Kerrigan in simple ceremonies at St. Luke's Catholic Church Saturday she also became the mother of 15 children.
The children, 10 belonging to Kerrigan and five to the former Mrs. Weist by previous marriages, sat in the first pew of the suburban Lakewood church.
The groom's wife died five years ago following the birth of twins, William and Patrick. The bride's husband died of a heart attack two years ago.

Scioto Five Eyes Contender Role

"Scioto could come up with an other surprise basketball club again this season," stated Coach Joe Corbett today. "The Buffaloes have height and speed plus a strong desire to win," he stated.

Scioto definitely was hurt by graduation, losing Roger Knapp, the top scorer of Pickaway County last season, who averaged 23.2 points. The dead-shooting Buffalo guard ringed the nets for 510 points in 22 games.

Also lost were Bill Whiteside by graduation and 6-3 Gary Clark, who moved to Columbus. Clark averaged 14.5 points per game for ninth in county scoring last year.

Returning to action for the Buffaloes are veterans Dickie Melvin and Ernie Milburn. Corbett said both boys have improved and he expects added scoring from Milburn.

LAST SEASON Melvin ranked 10th in county scoring with a season average of 15.3 points on a total of 336 points during the year. The diminutive guard helped Scioto jell last year and should improve his already accurate shooting eye.

The Buffalo coaching staff is keeping its "fingers crossed" in regards to the broken leg he suffered during football play.

Terry Little is expected to see considerable action this season. He

saw service last year and has a good shooting eye, speed and is an excellent rebounder for his 5-9 size. He will play both forward and guard positions.

Other seniors who Corbett expects help from this year are Bill Calder, 5-4 forward, and Jim Sealock, 6-5 center. Sealock could easily make Scioto a contender for the county crown if he comes around.

Ronnie Little will be an asset at guard and forward positions. Paul Beavers, a 5-6 guard and last of the seniors, also will be trying for a varsity berth.

A sleeper for the Buffaloes is freshman Bob Whiteside, 5-10, who rebounds well for his size and experience. The loss of Ronnie Fausnaugh, due to a compound fracture of the leg during football, will handicap Scioto under the bank-boards.

MILBURN, Melvin and Little are the only boys with varsity action, which means Corbett, and assistant Ben Tusta, will have inexperience to contend with.

The Buffalo threat will depend on the ability of Sealock to gain experience and control the bank-boards so that Scioto can utilize the fast break with its speed.

A rundown of the Scioto varsity and reserve teams are as follows: Seniors—Melvin, 5-7; T. Little, 5-9; Sealock, 5-6; Milburn, 6-2; Calder, 5-9; R. Little, 5-8; and Paul Beavers, 5-6.

Juniors are Dick Kaiser, 6'; Dick Kerschner, 5-8; Bill Hoover, 5-9; Bertie LeMaster, 5-7; Eldon Cochran, 5-8; Jim Davis, 5-6; Nick Doumtz, 6', and Roy Sanders, 5-8.

Sophomores are Mike Hudson, 5-11; Sonny Kerschner, 5-8; Phil West, 5-9; Joe Synder, 5-8; Stanley Ball, 5-10; Duke Little, 5-8; Larry Hancock, 5-9, and Curtis Farmer, 5-10.

Freshmen are Robert Schoaley, 5-7½; Bob Whiteside, 5-10; Mike Alloy, 5' and Terry Melvin, 5-1. Managers are Mike Millar, sophomore, and Jimmie Albright, seventh grade.

VARSITY cheerleaders are Veronnie Guthrie, senior, three years experience; Elizabeth Branson, senior, one year; Janet Haughn, junior, one year; Donna Fleming, junior, one year, and Kaye Melvin, junior, first year.

Reserve cheerleaders are Tamryn Haydon, Ann Hutchins and Judy Gulick, freshmen.

Scioto led the county in team scoring last year with a 71.9 points per game average during the regular season. The Buffaloes tallied 1,367 points in 19 games.

They allowed their opponents 1,190 points for a per game average of 62.6, good for ninth in the county defensively. Scioto finished the season with a 16-6 record, ranking fourth in the county tournament and tying for third in league play with New Holland.

Zehner Wins Bowmen Shoot

Rev. Carl Zehner, president of the newly organized Pickaway Bowmen, won the group's first archery shoot yesterday with a top score of 80. First prize was a trophy.

The Shoot was held over the mile course of 14 targets on the Pete Bowman farm. Second and third prizes were merchandise awards presented by Pettit's Sport Store. They were won by Leonard Eblin with a 70 and Terry Agin, 67.

Ray Burris came in fourth with a 66 and Carl Agin was fifth with a 57. Prizes for the last two places were a grease job at "Wes" Edstrom's and a haircut at Eblin's Barber Shop respectively.

John Thomas was winner of the junior archers' contest. A total of 26 archers participated in the opening shoot.

Pimlico Futurity Worth \$172,520

BALTIMORE (AP) —The Pimlico Futurity this Saturday figures to be the nation's second richest race at the second oldest active race track.

If a dozen horses start, the first four finishers will haul in \$172,520, and the winner would get \$123,171. Jewel's Reward got \$115,347 in winning it for Maine Chance Farm last year and set an all-time earnings record for juveniles.

The Garden State at Camden, N. J., also for 2-year-olds, paid \$297,250 on Oct. 25.

Condition of Mel Ott Still Listed as Critical

GULFPORT, Miss. (AP)—The condition of Mel Ott, former New York Giant slugger and baseball Hall of Famer, and his wife was unchanged today.

Both were injured critically Friday night in a two-vehicle highway crash at nearby Bay St. Louis. The collision killed the driver of the other car, Leslie C. Curry of Bay St. Louis.

Hospital spokesmen said Ott was "holding his own." He underwent surgery Saturday. Physicians plan surgery for his wife later.

Bill (Red) Mack, sophomore left half at Notre Dame, earned 12 letters at Hampton Township High School in Allison Park, Pa.

OSU Hopes To Bring Down Grid Curtain with Flourish

COLUMBUS, Ohio (AP)—Ohio State's rebounding Bucks wind up their campaign Saturday against their most revered foe—the Wolverines of Michigan.

After fighting back from the brink of what could have been their most disastrous campaign in years with their most scintillating conquest of several seasons, the Bucks are ready to bring the curtain down with a flourish.

Saturday's 38-28 verdict over Iowa's new Big Ten champions and Rose Bowl delegates goes in to the record books as one of the finest fashioned by the Bucks in a long time. Scoreless in their last two attempts at Iowa City, the proteges of Coach Woody Hayes erased all semblance of a jinx in the tall corn country.

Michigan comes to town with a not-too-fashionable record, the usually snarling Wolverines having won only two of eight starts—by identical scores of 20-19 over Southern Cal and Minnesota. Saturday they were beaten 8-6 by Indiana—a team swamped 49-8 by Ohio.

In 54 previous games with Michigan, Ohio has won 16, lost 34 and tied 4 for a .333 percentage—but the Bucks figure to make it 17 wins in Saturday's fray before some 83,000 fans.

This could be a "let's win one for Bennie" game so far as Michigan is concerned, because Bennie Oosterbaan, the Wolverine mentor, will be winding up his coaching career. Even that incentive,

and the natural rivalry of the two honored foes, do not appear big enough to sway the balance much.

The Michigans have given up 191 points while scoring 118 in eight games, while Ohio has counted 162 and allowed 118. How the leaky defense can contain the likes of Fullback Bob White and Halfback Don Clark is something Oosterbaan will have to figure out as he bids the gridiron game goodbye.

White rolled for 206 yards in 33 carries against Iowa, scoring three touchdowns. Almost duplicating his feat of 1957 against Iowa when he carried seven of eight times in a 68-yard drive for the score which gave the Bucks the conference crown and the Rose Bowl trip, White hauled the ball on 11 of 14 occasions in the 80-yard march which broke a 28-28 tie in the final period.

For the season he's carried 194 times for 778 yards. His 194 bangs at the line erased the school record of 187 in 10 games set in 1942 by Gene Fekete, now a Buckeye assistant. His ground-gaining total is 180 back of the 958 record set in 1955 by Howard (Hopalong) Cassidy, now of the Detroit Lions. Hoppy did it in 161 attempts.

Hayes told newsmen last Monday that his scouts had found some defects in the Hawkeye defenses — and the Bucks poured through the holes for 397 yards rushing and completed one of two tosses for 65 more. It was the year's big offensive.

Leading the Raider attack is Ronnie Morris assisted by Darrell Wisecup and Darrell Long in the scoring and the defensive play of Jerry Newton, Norman Huffman and Tommy Oyer.

Old Extra Point Liked by Some

NEW YORK (AP) —You might say Iowa and Ohio State played good, old-fashioned football when the Buckeyes sent the Hawkeyes to their first defeat 38-28 Saturday. None of this two-point conversion stuff for them.

There were nine touchdowns in the game — and OSU's Woody Hayes and Iowa's Forest Evashevski went for the one-point placement after each. Made 'em all, too.

Oregon State and Stanford didn't play it that way. Oregon State won 24-16 and the Beavers and Indians went for two-point conversions after each of the five TDs — and made all of them.

OSU Hopes To Bring Down Grid Curtain with Flourish

COLUMBUS, Ohio (AP)—Ohio State's rebounding Bucks wind up their campaign Saturday against their most revered foe—the Wolverines of Michigan.

After fighting back from the brink of what could have been their most disastrous campaign in years with their most scintillating conquest of several seasons, the Bucks are ready to bring the curtain down with a flourish.

Saturday's 38-28 verdict over Iowa's new Big Ten champions and Rose Bowl delegates goes in to the record books as one of the finest fashioned by the Bucks in a long time. Scoreless in their last two attempts at Iowa City, the proteges of Coach Woody Hayes erased all semblance of a jinx in the tall corn country.

Michigan comes to town with a not - too-fashionable record, the usually snarling Wolverines having won only two of eight starts—by identical scores of 20-19 over Southern Cal and Minnesota. Saturday they were beaten 8-6 by Indiana—a team swamped 49-8 by Ohio.

In 54 previous games with Michigan, Ohio has won 16, lost 34 and tied 4 for a 33.3 percentage—but the Bucks figure to make it 17 wins in Saturday's fray before some 83,000 fans.

This could be a "let's win one for Bemie" game so far as Michigan is concerned, because Bemie Oosterbaan, the Wolverine mentor, will be winding up his coaching career. Even that incentive,

and the natural rivalry of the two honored foes, do not appear big enough to sway the balance much.

The Michigans have given up 191 points while scoring 118 in eight games, while Ohio has counted 162 and allowed 118. How the leaky defense can contain the likes of Fullback Bob White and Halfback Don Clark is something Oosterbaan will have to figure out as he bids the gridiron game goodbye.

White rolled for 206 yards in 33 carries against Iowa, scoring three touchdowns. Almost duplicating his feat of 1957 against Iowa when he carried seven of eight times in a 68-yard drive for the score which gave the Bucks the conference crown and the Rose Bowl trip, White hauled the ball on 11 of 14 occasions in the 80-yard march which broke a 28-28 tie in the final period.

For the season he's carried 194 times for 778 yards. His 194 hangs at the line erased the school record of 187 in 10 games set in 1942 by Gene Fekete, now a Buckeye assistant. His ground-gaining total is 180 back of the 958 record set in 1955 by Howard (Hopalong) Cassidy, now of the Detroit Lions. Hoppy did it in 161 attempts.

Hayes told newsmen last Monday that his scouts had found some defects in the Hawkeye defenses — and the Bucks poured through the holes for 397 yards rushing and completed one of two tosses for 65 more. It was the year's big offensive.

Raiders Meet Madison Mills Tuesday Night

Atlanta, winners in its last three outings, risks its 3-1 record tomorrow night when it meets invading Madison Mills, victors over two Pickaway County squads.

Madison Mills, a tall and rugged Fayette County unit, has wins over Jackson, 77-60, and New Holland, 58-47, and a loss Friday to Kingston, 66-55.

In the only comparative score, Atlanta narrowly edged New Holland Friday night, 55-53, with the winning bucket in the last second of play.

The Red Raiders are off to a winning start for the first season in several years, thanks to the well-balanced scoring and spirit exhibited by the entire Atlanta squad.

Leading the Raider attack is Ronnie Morris assisted by Darrell Wisecup and Darrell Long in the scoring and the defensive play of Jerry Newton, Norman Huffman and Tommy Oyer.

Old Extra Point Liked by Some

NEW YORK (AP) —You might say Iowa and Ohio State played good, old-fashioned football when the Buckeyes sent the Hawkeyes to their first defeat 38-28 Saturday. None of this two-point conversion

stuff for them. There were nine touchdowns in the game — and OSU's Woody Hayes and Iowa's Forest Evashevski went for the one-point place-

ment after each. Made 'em all, too.

Oregon State and Stanford didn't play it that way. Oregon State won 24-16 and the Beavers and In-juns went for two-point conversions after each of the five TDs — and made all of them.

Thundering Jimmy Propels Browns Closer to Crown

By THE ASSOCIATED PRESS

Thundering Jimmy Brown, Cleveland's running virtuoso, today had picked one of the National Football League's juiciest plums, was near another, and had propelled the Browns closer to a division championship.

The barreling Cleveland fullback set a season rushing record Sunday as the Browns regained undisputed possession of first place in the Eastern Conference with a 20-10 victory at Washington.

Brown gained 152 yards in 27 tries, totally eclipsing the standard of 1,146 yards set in 12 games by Steve Van Buren of Philadelphia in 1949. The former Syracuse All-American has amassed 1,163 yards in only eight games.

A sophomore in pro ranks, Brown scored twice on short plunges. The Cleveland standout has 17 touchdowns for the season, one short of Van Buren's record.

Cleveland's triumph, coupled with the 31-10 upset of the New York Giants by Bobby Layne and his Pittsburgh mates, left the Browns on top with a 6-2 record. Runner-up New York is a game back at 5-3.

The race in the Western Conference virtually was broken wide open as Baltimore's second-string quarterback, George Shaw, passed

the Colts to a 17-0 triumph over Chicago's Bears. Baltimore, has a 7-1 record for a two-game lead over Chicago and Los Angeles. The Rams tied for the runner-up spot by knocking off Green Bay 20-7.

In other games, halfback Gene Gedman led the way as Detroit punted San Francisco, 35-21, and Philadelphia easily handled Chicago's Cardinals 49-21.

Brown scored on plunges of one and five yards, but it was a Lou Groza field goal that beat the Redskins. The teams had traded touchdowns and field goals in the first half for a 10-10 tie. With 2:10 remaining in the game, Groza booted a 25-yarder for the victory, although moments later Brown tallied an insurance TD.

After upsetting Cleveland and Baltimore on successive Sundays, the Giants-without halfback Alex Webster and two offensive linemen—were unable to get going against a tough Steeler line. Layne passed for one touchdown, set up another on a 69-yard aerial maneuver and scored twice on short blasts.

Shaw, replacing the injured Johnny Unitas, was spectacular as he made good on 10 of 23 passes for 131 yards. At one point he pitched nine consecutive strikes, six in a 93-yard Colt scoring surge in the second period. He had one TD through the air. The Bears, shut out for the first time in 149 games dating back to 1946, were unable to move and found their line perforated by Alan Ameche, who ran for 142 yards and a TD.

Los Angeles moved ahead of the Packers 10-7 by halftime, with a 93-yard pass play from Billy Wade to Jim Phillips giving the Rams the lead. It was the longest pass play in the league this season. Phillips pulled in eight of Wade's tosses for 208 yards. Wade threw for 372 yards on 19 completions in 42 attempts.

Tobin Rote connected for three TD passes, but it was Gedman who brought the Lions their third victory in the last four outings. Gedman aimed his first pass of the season to Howard Cassady for an 81-yard scoring play and scored twice himself for last year's world champions. The long TD aerial came in the first period, just 46 seconds after San Francisco had taken a 7-0 lead.

Clarence Peaks scored four times as the Eagles ran up their largest point total in four years. Philadelphia broke loose against the Cards for three TDs within 5½ minutes of the second quarter. Norm Van Brocklin completed 19 of 29 passes for 318 yards and two touchdowns, one to peaks.

Winners Win, Losers Lose In Pro Game

By THE ASSOCIATED PRESS

The rich get richer; the poor get poorer.

The New York Knickerbockers sped along today with a streak of six victories in the National Basketball Assn.

But, the Cincinnati Royals were burdened by a seven game losing skid and Minneapolis lost its sixth in a row.

The Knicks have their longest string in five years, after Sunday's sloppy 98-90 job against Minneapolis.

Saturday night, the Knicks knocked over Syracuse, the runner-up in the Eastern Division, 96-92; while Philadelphia spilled the Lakers 106-104. St. Louis defeated Detroit 102-91 and Boston rapped Cincinnati 130-105.

The Knicks lead by two games in the Eastern Division. St. Louis has a 2½-game spread over Detroit in the Western Division.

The Knick-Laker game had both clubs guilty of walking infractions, pushing and even kicking the ball.

The Knicks, who have won eight of nine this season, blew a 12-5 lead, scrambled for a 46-46 tie at the half, then built a 66-56 lead and almost blew that margin.

New York's Charlie Tyra was the high scorer with 22 points. Kenny Sears, the Knicks' scoring star who had averaged 24.2 points a game, needed three stitches to close an eye cut opened by Laker rookie Elgin Baylor's finger nail.

Baylor led the Lakers with 18 points.

Brown has averaged 145 yards a game—6½ a carry.

He apparently wasn't aware of his achievement until reporters informed him in the dressing room after the game.

"Gee, fine," Brown said, almost solemnly. His teammates were more excited as they swarmed around for handshakes and back pats.

Brown is the major reason for Cleveland's 6-2 record and its lead in the Eastern Conference.

His two touchdowns against the Redskins gave him 17 for the year, only one short of another Van Buren mark. Van Buren scored 18 over a 10-game season in 1945.

Illinois' 16-0 victory over Michigan State marked the Spartan's first football shutout in 40 games. Wisconsin blanked MSU 6-0 in 1954.

Thundering Jimmy Propels Browns Closer to Crown

By THE ASSOCIATED PRESS

Thundering Jimmy Brown, Cleveland's running virtuoso, today had picked one of the National Football League's juiciest plums, was near another, and had propelled the Browns closer to a division championship.

The barrelling Cleveland fullback set a season rushing record Sunday as the Browns regained undisputed possession of first place in the Eastern Conference with a 20-10 victory at Washington.

Brown gained 152 yards in 27 tries, totally eclipsing the standard of 1,146 yards set in 12 games by Steve Van Buren of Philadelphia in 1949. The former Syracuse All-American has amassed 1,163 yards in only eight games.

A sophomore in pro ranks, Brown scored twice on short plunges. The Cleveland standout has 17 touchdowns for the season, one short of Van Buren's record.

Cleveland's triumph, coupled with the 31-10 upset of the New York Giants by Bobby Layne and his Pittsburgh mates, left the Browns on top with a 6-2 record. Runner-up New York is a game back at 5-3.

The race in the Western Conference virtually was broken wide open as Baltimore's second-string quarterback, George Shaw, passed

GIANTS' KILLER—A 50-so season for Charley Conerly of the New York Giants turned into a successful one when he helped whip the undefeated Cleveland Browns with his passing one week and then did the same thing against the undefeated Baltimore Colts the next week. Conerly, who also can lug the ball, has been with the Giants since 1948. He is a former University of Mississippi star.

Winners Win, Losers Lose In Pro Game

By THE ASSOCIATED PRESS

The rich get richer; the poor get poorer.

The New York Knickerbockers sped along today with a streak of six victories in the National Basketball Assn.

But, the Cincinnati Royals were burdened by a seven game losing skid and Minneapolis lost its sixth in a row.

The Knicks have their longest string in five years, after Sunday's sloppy 98-90 job against Minneapolis.

Saturday night, the Knicks knocked over Syracuse, the runner-up in the Eastern Division, 96-92; while Philadelphia spilled the Lakers 106-104. St. Louis defeated Detroit 102-91 and Boston rapped Cincinnati 130-105.

The Knicks led by two games in the Eastern Division. St. Louis has a 2½-game spread over Detroit in the Western Division.

The Knick-Laker game had both clubs guilty of walking infractions, pushing and even kicking the ball.

The Knicks, who have won eight of nine this season, blew a 12-5 lead, scrambled for a 46-46 tie at the half, then built a 66-56 lead and almost blew that margin.

New York's Charlie Tyra was the high scorer with 22 points. Kenny Sears, the Knicks' scoring star who had averaged 24.2 points a game, needed three stitches to close an eye cut opened by Laker rookie Elgin Baylor's finger nail.

Baylor led the Lakers with 18 points.
